Teacher Assignments and Major Teacher Change

Teacher assignments are made with great care and consideration for each student and are subject to change based on teacher availability. Changes must be made in writing via the Change of Teacher form and submitted first to the Dean of Students and then to the Office of the Provost. Applications and information on changing teachers may be obtained from room 214. The student is encouraged to discuss their desire to change teachers in person with their current teacher prior to the switch. After a student changes teachers, the former teacher is excluded from grading the student at subsequent juries and auditions.
