

# Introduction to Sound and Recording for Musicians

---

- Ever wonder why your favorite recording sounds so good?
- ...or why a recording that you or a friend made was disappointing?
- ...or what goes on behind the scenes at commercial recording sessions?

Attend our one-hour presentation and explore the world of sound waves, microphones, room acoustics, and more!

Presentation by Kevin Boutote, Chief Recording Engineer, Myers Recording Studio, formerly senior staff engineer at Sony Classical and CBS Studios.
