

Welcome, new students!

The Library staff and I hope you'll find the Library an enjoyable place to study, explore repertoire, meet friends, listen to music, borrow a movie, check your e-mail, or put up your feet and flip through magazine. We consider it our goal to say yes to your wants and needs as often as possible. We have exceptional collections that we think you'll find pretty exciting, and a lot of other good stuff besides. Please take a moment to read our [brief introduction to the Peter Jay Sharp Library](#); and then enjoy browsing our catalog and our collections!

If the above link does not work, please copy and paste this link into your web browser: <http://library.msmnyc.edu/screens/introductions.html>

My office is right off the main reading area, and my door is almost always open. Please feel free to stop by with any questions you have, or even just to say hello.

Sincerely,
Peter Caleb

Peter Caleb
