

MSM STUDENT I.D.'s

All students are required to carry a Manhattan School of Music identification Card at all times. This card grants access to MSM buildings, meal plan, library privileges, and practice rooms.

All new students must e-mail a digital photo to the Office of Information and Technology by July 31, 2009.

- The photo should be taken at 72 DPI resolution and be taken in portrait orientation (ideally the photo should be 300 pixels wide and 375 pixels high). If you are unaware of pixels or resolution, simply send us a picture of yourself that is clear and a close-up photo of your face with neutral background.
- Do not wear sunglasses or hats.
- Please email the photo with your name and birth date to studentphoto@msmnyc.edu

MSM has the right to reject any photo and request a new. Those who do not supply an acceptable photo by the deadline will not have their ID made before arrival, and will have to wait at check-in while an ID is made.
