

MSM Rental Tech Specs **Bossi-Comelli Studio**

One of our most versatile performance spaces, Carla Bossi-Comelli Studio was dedicated in Fall 2012 and is used for jazz and classical music rehearsals and performances, for lectures and master classes. Featuring flexible seating, the Studio can seat up to 75 people.

Seating Capacity

- Total available chairs: 90
- Total capacity: 120

Stage Dimensions

- Room dimensions: 68'7" x 49'3 1/2"

Lighting Capability

- Standard room lighting, with additional track lights over the right side of the room where the stage is set up
- Controls are to the right of the main entrance to the room

Pianos

- One 7' Steinway B
- One 7' Yamaha

Usual Setups

Bossi-Comelli Studio can be configured for rehearsal or performance. Set up in the wide configuration (with a conductor against the far wall), the space can accommodate a large orchestra. Track lights above the right end of the room can provide performance lighting for master classes or concerts, with rows of seats across the room's shorter dimension.

Other equipment available includes a conductor podium and stand, drum set, timpani stools, etc.

AV Capability

Audio:

- Audio playback is available via a rack that includes a CD player, turntable, cassette player, and 1/8" AUX cable that is connected to stereo audio speakers mounted on the east wall of the space. This is intended more for lecture/class playback, not live sound amplification related to a performance.
- 2 AER amps, 1 guitar amp, 1 bass amp, and speakers available.

Recording:

- Multi-track audio recording services are available upon request from the MSM Distance Learning and Recording Arts Department.

Backstage Area

None

Dressing Rooms

None

Photos

Bossi set up for a master class, with seating for approx. 100 in semicircular rows
