COURSE CATALOG POLICY

This Course Catalog Policy serves to familiarize all undergraduate, graduate, and doctoral students with Manhattan School of Music's academic policies and procedures as of July 1, 2022. A department or program may adopt more specific policies or procedures applicable to the particular program of study. Together, the policies and procedures set forth in this Catalog and in program-specific policies constitute your resource guides regarding the academic requirements of the School. The policies and procedures in this Catalog are subject to modification, revision, and updates at the discretion of the School or the program in question, to comply with evolving accreditation standards and best practices in the best interests of the MSM community. These policies and procedures do not constitute a contract, do not reflect binding commitments by MSM, and may not be relied upon as such. Manhattan School of Music will notify students when policies or procedures are revised, but students also have a responsibility to stay current on the applicable policies and procedures for their particular degree or certification programs. In addition, the entire campus community must recognize that the current COVID-19 pandemic is likely to continue to challenge the operations, as well as the health and safety, of our community. The School publicizes its current plans and expectations on the MSM website. All students must comply with these guidelines, and may include completing a daily health questionnaire as part of our shared responsibility to help protect the health and safety of the community. If, following a campus judicial hearing, a student is found to have violated these campus safety protocols, a sanction up to and including suspension or dismissal may be imposed, without refund. Manhattan School of Music reserves the right to change or alter its programs, services, methods of delivering course content, schedules, safety guidelines, and operations to respond to the evolving needs of the campus community. These changes may include: (1) adjusting the method of delivering course content, curricula, or services,

including the conversion of some or all coursework or business to remote instruction or remote operations; (2) modifying, postponing, or temporarily eliminating academic course offerings, program requirements, clinical assignments or experiential learning, access to facilities, student activities, and other services; (3) postponing or adjusting extracurricular activities and offerings; (4) changing or adjusting semester schedules, examination schedules, teaching and academic counseling assignments, and grading protocols; and (5) otherwise changing or adjusting academic operations and student activities when such modifications are deemed to be in the best interests of the students and the health and safety of the greater campus community. Any changes to the learning environment for this academic year (2022–2023) will not result in a reduction of tuition and fees because instruction, academic credit, and non-academic services will nonetheless be provided to students, whether in-person, remotely, or in a hybrid environment.

MISSION AND HISTORY OF THE SCHOOL

MISSION

Manhattan School of Music is deeply committed to excellence in education, performance, and creative activity; to the humanity of the School's environment; to preparing all our students to find their success; and to the cultural enrichment of the larger community. A premier international conservatory, MSM inspires and empowers highly

talented individuals to realize their potential. We take full advantage of New York's abundant learning and performance opportunities, preparing our students to be accomplished and passionate performers, composers and teachers, and imaginative, effective contributors to the arts and society.

HISTORY

From its beginnings as a small community music school to its current incarnation as a top conservatory, Manhattan School of Music has upheld a tradition of excellence in music education. The School was founded in 1917 by pianist and philanthropist Janet D. Schenck. Then called the Neighborhood Music School, it was located on Manhattan's Upper East Side and tasked with bringing high-quality musical training to the immigrant communities of New York City. By re-establishing the musical communities that had existed in these immigrants' home countries, Schenck hoped to further the nascent cause of American music. To that end, the School developed its resources to educate the complete musician. By 1928, enrollment at the School had reached 400 students. Under additional artistic guidance from Pablo Casals, Harold Bauer, and Fritz Kreisler, the Neighborhood Music School erected a new building and, in 1938, changed its name to Manhattan School of Music. In the space of twenty years, the school had built a national reputation. By 1943, the School offered the Bachelor's degree; advanced degree programs soon followed. In 1956, Dr. Schenck retired and John Brownlee, noted Metropolitan Opera baritone, was appointed director, a title later revised to president. President Brownlee initiated the idea of relocating the School to the Morningside Heights neighborhood; his death occurred only months before his efforts were realized. In 1969, George Schick, Metropolitan Opera conductor, accompanist, and distinguished opera coach, succeeded Brownlee as

president and led the School's move to its present location. John O. Crosby, founder and general director of the Santa Fe Opera, was appointed president in 1976; Gideon W. Waldrop was appointed in 1986; and Peter C. Simon in 1989. Marta Casals Istomin, former director of the Kennedy Center for the Performing Arts, served as president of the School from 1992 until 2005. Her tenure saw the construction of the G. Chris and SungEun Andersen Residence Hall, which opened in 2001. In addition to student housing, Andersen is home to the William R. and Irene D. Miller Recital Hall and the Alan M. and Joan Taub Ades Performance Space; the Peter Jay Sharp Library; and 108 practice spaces. Dr. Robert Sirota, appointed president in 2005, oversaw significant growth at Manhattan School of Music during his seven-year tenure, instituting the critically acclaimed Contemporary Performance Program and, in 2010, the innovative Center for Music Entrepreneurship, as well as the addition of the Solomon Gadles Mikowsky Recital Hall, a new state-of-the-art recital space. Under the current leadership of Dr. James Gandre, who assumed the presidency in May 2013, Manhattan School of Music continues to uphold the mission that Janet Schenck began over 90 years ago. Now home to 950 students from over 40 countries, the School is a thriving international community of artists. As MSM continues to grow, its focus remains the same: the education of tomorrow's leaders in the arts.

CULTURAL INCLUSION

We believe an educational environment must be rooted in Cultural Inclusion to achieve academic and artistic excellence. Manhattan School of Music is committed to creating an inclusive environment that permeates every aspect of our students' experience. Cultural Inclusion at MSM includes learning and understanding individual identities and differences of people who constitute our community. Cultural Inclusion also requires the study and performance of works by and creators from a diverse range of backgrounds, including race, ethnicity, nationality, gender, able-ness, and/or sexual orientation.

Faculty and students share the responsibility of advancing MSM's commitment to Cultural Inclusion. This is described in more detail in course syllabi.

OFFICE OF THE REGISTRAR

REGISTRATION AND ACADEMIC STATUS

The Office of the Registrar pre-registers students for courses according to their program requirements. It is the individual student's responsibility, however, to ensure that he or she is meeting those requirements in a timely manner.

No student will be permitted to attend classes or lessons until payment of tuition and fees has been made in accordance with the arrangements described in tuition and fees.

Registration for New Students

Permission to register for classes is granted to new students and former MSM students beginning a new program only if they have been formally admitted through the Office of Admission. Instructions and materials for registration are available at the times designated for new student registration.

Registration for Continuing Students

In April and November, all current students who expect to continue their studies in the following semester are required to register for classes.

Registration for Returning Students

Returning students are defined as:

1) Students returning after an official Leave of Absence; or 2) A former student seeking to complete unfinished degree requirements and formally readmitted by the institution. Such students should contact the Office of the Registrar in writing or by email and set up an appointment with a counselor.

Undergraduate students transferring to MSM may have credits transferred from a previous school or schools to Manhattan School of Music.

[Please refer to the Transfer Credit Policy/Credit by Examination section for information.](#)

Credit Limit

Full-time students are defined as those enrolled for 12 to 18 credits. Matriculated students are those working towards a degree or diploma. The School

does not permit students to register for part-time status (less than 12 credits). Exceptions to this policy are made for students completing their last semester of undergraduate study, and otherwise on a case-by-case basis. Applications for part-time status are available in the Registrar's Office.

Undergraduate Status

Undergraduate status is determined by the number of credits successfully completed or transferred:

CREDITS	STATUS
1–30	freshman
31–61	sophomore
62–93	junior
94+	senior
120-131 (Varies by program)	minimum for graduation

Major Teacher Change

Teacher assignments are made with great care and consideration for each student. Before considering a teacher change, students should speak with either the Division Dean or Dean of Academic Affairs. Students may initiate the request as early as the preceding semester and must submit the required online form no later than end of the add/drop period of the term in which the change is to take place. Changes must be requested before the end of the Add/Drop period, and will only be accepted through completion of the online form. Information may be obtained by emailing provost@msmnyc.edu. After a student changes teachers, the former teacher is

excluded from grading the student at subsequent juries and auditions. In general, teacher assignments are subject to change based on teacher availability.

Split Teacher

Before students are eligible to submit a split teacher request, they must first receive approval from the following:

1. Current Teacher
2. Request Teacher
3. Department Chair

Once all the required permissions are received, the student can request the official form by emailing the Provost's office at provost@msmny.edu. An approved request form will be sent to the student, the student's current teacher, requested teacher, Department Chair, and the Provost for signatures (in that order). Once all required signatures are received, a copy of the completed form will be emailed to all signatories. The Registrar's Office will also receive a copy to place in the student's file. Split lessons must be requested before the end of the Add/Drop period, and will only be accepted through completion of the online form. Information may be obtained by emailing provost@msmny.edu. Please note: Split lessons are intended for a finite period of time. As such, requests are only approved for a single semester or a single academic year. New requests must be submitted for a continuation of the split. Splits are ONLY approved for lessons within the student's major. Students who wish to study outside their major area can request non-major lessons, [please see instructions for a non-major lesson request below](#).

Program Change

Students who wish to change their course of study from one discipline to another must re-audition. Audition dates and information on requirements of a new program of study may be obtained from the Office of Admission. Information regarding the transfer of credits from one program to another may be obtained from the Office of the Registrar.

Placement Exams and Deficiency Courses

All new classical, jazz and orchestral program students are required to take placement exams in Theory, Aural Skills, Music History, sight-reading (Piano majors only), keyboard skills (non-Piano majors only), and fretboard harmony (Classical Guitar majors only). These exams take place during summer before the fall semester begins.

Students are required to complete all elementary courses successfully before registering for classes prescribed in their course sequence plans.

Elementary courses become part of a student's degree or diploma program. They may not be used to fulfill requirements (with the exception of TH2883). The length of a degree or diploma program may be extended for students who are required to take elementary courses. Students required to take English Language courses should be aware that this may extend their program for one additional year or more.

Qualifying Examinations

If a student is already capable of meeting the requirements for a particular course, he or she may demonstrate proficiency through a qualifying examination. Qualifying examinations are offered in Theory, Aural Skills, Keyboard Skills (Piano, Organ, and Collaborative Piano majors only), Music History, Required Piano (non-keyboard and non-guitar majors only), and fretboard harmony (Classical Guitar majors only). Applications for these examinations are available in the Office of the Registrar. A fee is charged for Theory, Aural Skills, Required Piano and Keyboard Skills examinations. Students will be allowed to take a Theory/Aural Skills placement and qualifying examination for a particular course only once. Additionally, students may only qualify in Theory/Aural Skills courses one level at a time. Notices of Qualification must be approved and submitted to the Registrar's Office by the appropriate department chair before the end of the Add/Drop period.

Schedule Changes/ADD/DROP Period/Course Withdrawals

Students may request changes in their schedules only during the Add/Drop and Withdrawal Periods listed in the Academic Calendar. No schedule changes are possible after the conclusion of the Add/Drop and Withdrawal Periods, unless approved in writing by the Dean of Academic Affairs. No schedule change is considered official until it is processed by the Office of the Registrar.

Add: Courses may be added by filing the appropriate forms in the Office of the Registrar during the Add/Drop Period. In addition to the approved Add form, a completed Permission to Enroll form and/or Over Credit form may be required in some cases. Only after the completed form(s) have been filed in the Office of the Registrar may the student officially enroll in the course.

Drop: Non-required courses may be dropped by filing the appropriate forms in the Office of the Registrar during the Add/Drop Period. Failure to file the completed Drop Form will result in the student's continued enrollment in the course. Continued enrollment without attendance will result in an automatic Failing grade.

Course withdrawals: Students may withdraw from a course after the Add/Drop period by filing a petition in the Office of the Registrar. An approved Withdrawal results in a grade of W being applied to the course. See Academic Calendar for deadline. While the grade of W does not affect the student's grade point average, the course remains on his or her record, with the student remaining responsible for the credit associated with the course. Failure to file a petition constitutes continued enrollment in the course, and the student is subject to the requirements and responsibilities of the course. Failure to Withdraw or complete the requirements will result in a failing grade. Deadlines and regulations concerning dropped and withdrawn courses will apply.

Elective credits: Elective credits are those credits not distinctly specified in a particular major's course sequence. Electives are either general or

department-specific. Students are allowed to take courses in other departments as General Electives, as long as there is space available in the course for non-majors and they meet the pre-requisites. Students are not permitted to take major lessons in order to fulfill elective credit requirements.

Lessons

Full-time lessons are scheduled for fourteen (14) one-hour sessions per semester. Undergraduate students are required to take at least eight (8) semesters of full-time lessons, graduate and doctoral students are required to take at least four (4) semesters, and professional studies and artist diploma students are required to take two (2) semesters.

The number of semesters of full-time major lessons required of transfer students is determined at the time of acceptance into the school and is dependent upon the performance level at the audition.

Students who have completed their major lesson requirement but have not performed their Graduation Project (Collaborative Piano majors only), PN0500/2200 Concerto requirement (Piano majors only), Graduation Jury and/or Recital, are required to register for half-time lessons in order to prepare for the requirement. Half-time lessons are seven (7) sessions at three (3) credits for graduate students and two (2) credits for undergraduate students.

Non-Major Lessons

(NML2000, NML4000, NML3000, NML6000)

Students seeking to take additional lessons outside of their major/ department, can request Non-Major Lessons (secondary lessons) for a fee. Full time non-major lessons are 14 one-hour lessons in a semester for an additional \$4000. Half time non-major lessons are 7 one-hour lessons in a semester for an additional \$2000. A student must first receive approval from the requested teacher and their department chair. Then the student can email their intent to provost@msmny.edu. Once approved,

the official form will be sent to the student, requested teacher, Department Chair, and the Provost for signatures (in that order).

Once all required signatures are received, a copy of the form will be generated and emailed to all the signatories. The Registrar's Office will also receive a copy to place in the student's file and Student Accounts will be updated to process the required fee.

Schedule of Classes

Class times are published in the schedule of course offerings available at registration, with periodic updates. Under-enrolled courses are subject to cancellation at any time during the first two weeks of classes.

Barnard College Cross-Registration Program

A special program of cross-registration between Manhattan School of Music and Barnard College allows qualified MSM Juniors and Seniors to have access to the greater variety of academic courses taught at Barnard. Students must be in good academic standing with a cumulative MSM grade point average of at least 3.0. Registration for appropriate Barnard courses must be approved by both the MSM and Barnard Offices of the Registrar. A surcharge of \$110 per credit for a Barnard course will be assessed by the MSM Office of Student Accounts. A Barnard course may not be taken as pass/ fail, and is subject to Manhattan School of Music's add/drop/ withdrawal schedule.

STUDENT EXCHANGE PROGRAMS

MSM students are eligible to apply for exchange programs with MSM partner schools. Applicants for exchange programs should be current MSM sophomores, and exchange programs may be one semester or one year. Since requirements and length of study vary from one school to the next, please request information for specific programs from the Office of the Provost. Applicants must be in good

Auditing

All requests to audit must be submitted and approved by the Registrar. Approval of the instructor and department chair is required.

Students may petition to audit a course for no credit if space is available in the class. Courses that are full will not be approved for auditing.

Outside auditors are not permitted. Only enrolled MSM students may audit MSM courses.

Students may audit one course for free per academic year. A fee of \$500 is charged for each additional course audited in an academic year.

Courses taken as "Audit" are subject to the same add/drop/ withdrawal deadlines as regular courses. [Please see Academic Calendar for deadlines.](#)

No grades are given; an AU is indicated for auditing. Students auditing courses are there for observation only and cannot participate in assignments, tests, or exams.

Students may not audit a course required for degree requirements. All audits must be officially processed through the Office of the Registrar.

Independent Study

Independent Study provides the student with an opportunity to engage in exceptional research projects. Independent Study Forms are available in the Office of the Registrar. Such requests will be reviewed for approval by the Registrar and the Dean of Academic Affairs. A student may take no more than one Independent Study during his or her residency in any program of study.

standing at MSM and must be able to complete required coursework and performance requirements at the exchange institution as determined by the Exchange Program Committee. Students may only be eligible for one semester of foreign exchange study depending on their department's curricular requirements. MSM currently has international exchange programs with the following schools: Royal

College of Music (London); Royal Conservatoire of Scotland*; Paris Conservatory, Royal Danish Academy of Music (Copenhagen); Norwegian Academy of Music (Oslo); Sibelius Academy of Music (Helsinki, Finland); Musikhochschule (Stuttgart); Amsterdam Conservatory; Sydney Conservatorium.

*Musical Theatre students are only permitted to study abroad at the Royal Conservatoire of Scotland.

Students pay tuition, health insurance (if not covered by the partner school), and all required student fees at Manhattan School of Music. Students are responsible for all living, travel and personal expenses. Manhattan School of Music students are eligible to continue to receive their financial aid during their study abroad.

To be considered for eligibility, a Manhattan School of Music student must make a formal application. Applications and information about deadlines and

procedures are available through the Office of the Provost. To qualify for exchange programs, students must:

- Have a minimum G.P.A. of 3.0
- Have received a minimum grade of A-on the most recent jury
- Have an academic advisement meeting with the Registrar to plan and confirm a course of study
- Represent the School in a positive and enthusiastic manner

Application materials will be reviewed by members of the Exchange Program Committee and candidates will then be selected. The materials of the MSM students who are selected will then be submitted to the partner schools, which will make the final determination of the candidate's acceptance.

ACADEMIC REGULATIONS

Academic Honesty

All students have an obligation to behave honorably and to respect the highest ethical standards in carrying out their academic assignments. Academic dishonesty is defined to include any form of cheating and/or plagiarism. Disciplinary sanctions, including lowered or failing grade, probation, or dismissal, may be administered in cases involving academic dishonesty or falsification of academic information. All allegations of academic dishonesty will be referred to the Dean of Academic Affairs. In clear-cut cases, such as documented plagiarism, the Dean may offer a summary judgment, which will include sanction or mediation designed to bring the matter to a conclusion. In a case that has received summary judgment, the student may appeal the decision to the Dean's Council. Also, the Dean of Academic Affairs may elect to bring the case directly to the Dean's Council. The Council consists of three faculty members, who, along with the Dean of Academic Affairs and the Dean of Students, will conduct a hearing and render an opinion. The decision of the Dean's Council will be final.

Satisfactory Academic Progress

All students are expected to maintain good academic progress throughout their degree studies. Good academic standing includes a grade of at least B-in their major subject, performance ensembles, and required ESL courses and grades of C or better in all other subjects. If a student fails to meet the requirements for good standing, his or her record will be brought under review by the Committee on Academic Progress.

[Please also see Classwork Grading and Major lesson/Jury Examination Grading policies.](#)

Probation

All students are expected to make good academic progress throughout their degree studies, and to advance artistically in their professional musical training. The Committee on Academic Progress reviews all student records at the end of each semester, and will identify students who fall below MSM's academic or artistic standards (defined below). The Committee has latitude to judge the

efforts and progress of each student, comparing grades earned from one semester to the next, taking into account special circumstances, and investigating issues with particular instructors. The Committee can recommend probation, continuing or final probation, or dismissal. The Committee may also recommend or require tutoring or counseling. For courses that are part of an MSM student's professional training, including lessons, ensembles and performance courses, students must maintain a grade point average (GPA) of at least 3.0. Any student who receives a grade of C or lower in any semester of lessons or ensemble will automatically be placed on probation. For all non-performance academic courses, including humanities courses and classroom courses in music, students must maintain a GPA above 2.0.

In addition to overall GPA, repeated failure of required courses may be grounds for probation. Students with grades or GPAs far below MSM's standards, as well as students who have been on continuing or final probation, may be subject to dismissal.

Dismissal

Grounds for dismissal include unsatisfactory academic and/ or musical progress; any form of cheating and/or plagiarism or falsification of academic information; a failing grade in major lessons, jury examinations and/or performance ensembles; and violation of the Code of Conduct and/ or official School policies. Students dismissed at the conclusion of any semester are ineligible to attend the School for two consecutive semesters. Information regarding reapplication to the School and auditions is available from the Office of Admission. The School retains the right to dismiss any student whose continued attendance or behavior is considered detrimental to the interest of his or her fellow students or of the School.

Attendance

Regular and punctual attendance is required at all lessons, classes, and rehearsals. Faculty set the specific attendance policies for their courses, and publish these policies in the course syllabus or handbook. Any exceptions, such as excused absences for reasons of illness or other compelling emergencies, may be considered and granted at the discretion of the individual faculty member. Absences due to illness must be reported by the student to the Office of Student Engagement, and should be accompanied by documentation from a physician or the MSM Campus Health Nurse. In cases of serious illness the Dean of Students will communicate with all the teachers of an individual student in order to make sure that faculty are aware of the student's situation.

Absence affects learning and performance. Faculty may refer to the Dean of Students or Chair of the student's respective department, any student who misses lessons, classes, and rehearsals for reasons that the teacher considers insufficient. Students with excessive or unexcused absences from lessons, classes, or rehearsals may receive a lowered or failing grade. Even in cases where absences are excused, it may be necessary for a student to withdraw from a course because of excessive absence.

Private lessons constitute the core performance study for every student. If a student needs to cancel a studio lesson for any reason, the student should immediately inform the studio teacher. In cases of documented illness or other emergency, the teacher will attempt to make up missed lessons at a mutually convenient time. The studio teacher is not obligated to adjust lesson times or make up lessons that were canceled for non-illness, non-emergency reasons. Faculty must refer to the Office of the Provost and the Dean of Students any student who has two or more unexcused absences in his or her private lessons.

No student may be absent from the school for professional engagements unless permission for such absence is granted by the Office of the Provost well

in advance of all such engagements. Students who wish to pursue a professional opportunity over several days must apply for a Limited Leave of Absence.

Residency Requirements

Residency requirements for degree and diploma programs at Manhattan School of Music are as follows:

PROGRAM	NORMAL RESIDENCY	MINIMUM RESIDENCY	LIMITATION
Diploma	4 years	2 years	7 years
Bachelor of Music	4 years	2 years	7 years
Postgraduate Diploma	2 years	2 years	5 years
Master of Music	2 years	2 years	5 years
Doctor of Musical Arts	2 years	2 years	5 years
Professional Studies	1 year	1 year	2 years

Religious and Civic Holidays

Manhattan School of Music is sensitive to the needs of students who wish to observe religious or civic holidays during the academic year. To accommodate the planning needs of studio teachers, classroom teachers, and ensemble directors, as well as to fulfill the educational and artistic requirements of the semester's work, students who anticipate being absent for religious or civic holidays must inform their teachers and ensemble directors in writing by emailing faculty directly and copying the Dean of Students. If students follow the preceding policy and understand that they are responsible for classroom work and ensemble obligations missed, absence for religious or civic holidays will be excused. Students who do not inform their teachers and ensemble directors of the absence in a timely manner will not be excused.

Dean's List

Qualified Bachelor and Master's level students who meet certain academic standards are named to the Dean's List each semester. These standards include: a grade point average of 3.9 or better, twelve or more credits of graded courses (other than P or Q grades), and no failing grades for the semester.

Final Examinations

Final examinations are held during the 14th week of the fall and 15th week of the spring semester, respectively. Students who fail to take a required class examination may be given an Incomplete by the teacher if all other work for the course has been satisfactory. All Incomplete grades must be pre-approved by the Dean of Academic Affairs. Incomplete grades will be converted to failing grades by the Registrar if the final grade is not received by the end of the following semester. Students who are taking large group examinations in the Music History and Theory Departments will be required to show their MSM ID cards before beginning the exam.

Juries and Recitals

Every enrolled student is required to take an annual Jury Examination typically held in May. Students should be aware that the number of juries listed in the Department Major grids is the minimum needed to graduate. Some students may be required to take additional juries as a result of teacher requests, scholarship continuation, or the extension of the normal length of the degree program as the result of illness, leaves-of-absence, or other extraordinary circumstances. Students who are off-sequence as the result of being admitted in January or having taken a semester Leave of Absence take juries in December. There is a Sophomore Continuation Jury to ensure that a student's progress merits continuation in his or her program of study. The Office of the Registrar will email jury comments two weeks after the end of the examination week.

A student who is absent from the Jury Examination without prior approval will receive a failing grade and automatically be placed on academic probation. A jury may be postponed only for documented medical reasons and must be requested by submitting a General Petition Form to the Registrar's Office. This form must be signed by the Department Chair, Registrar, and Dean of Academic Affairs.

A Graduation Recital and/or Jury, if required, must take place within the final thirty credits required to complete a degree and once the student has less than two semesters of major lessons remaining. Students must apply to the Scheduling Office for a recital date. The recital program must be approved by the major teacher and the department chair. A copy of the recital program must be submitted to the Academic Division Dean before graduation. All Graduation Juries are scheduled through the Office of the Registrar.

Doctoral candidates should refer to the appropriate course sequence plan for performance requirements.

Students must be registered through the School for major lessons until completion of the Graduation Performance requirement. Students who wish to participate in Commencement must fulfill all performance and academic requirements prior to the date of Commencement.

Advanced Standing Examinations

In rare cases, undergraduate students may accelerate their program in performance by means of an Advanced Standing jury. A successful Advanced Standing jury will allow a student to graduate early, provided all other academic requirements are also met early.

Advanced standing can only be granted for one semester. To start the process, the student submits a petition for advanced standing to the Registrar's office.

This petition must indicate the approval of both the major teacher and the department chair, and must be turned in no later than March 1 of the academic year in which the advanced standing jury is to take place. Please note that some departments may have earlier deadlines for application. In order to apply for an Advanced Standing jury, a student must:

- be an undergraduate junior
- have a cumulative GPA of 3.7 or higher
- have received a grade of A- or received a lesson grade of A over the last year and no lesson grade lower than A- in all major lessons
- have received a grade of 8.5 or higher in all previous juries
- be on track to complete all academic requirements by the time of the proposed graduation

Advanced standing juries may be taken only once, and the results of the jury are final. Graduate students are not eligible for advanced standing.

Petitions

A student has the right to petition the administration regarding any topic that is not covered in the current school catalog, yet pertains to study at the School. Forms are available in the Office of the Registrar.

Transcripts

The Office of the Registrar retains the original copy of each student's academic record. Transcripts for currently enrolled students are issued without charge in support of applications to new programs at Manhattan School of Music.

Upon request, the School may disclose educational records without a student's consent to officials of another school in which a student seeks or intends to enroll.

Official transcripts, carrying the School's seal and an official signature, may be issued only upon the written request of the student. The Office of the Registrar will only issue transcripts from MSM degree programs.

Leaves of Absence

A leave of absence may be for one or two consecutive semesters. After that time a student must reapply and readmission. The Registrar will determine the effective date of the leave. Leaves of absence with effective dates prior to the end of the Add/Drop period will result in the student being dropped from all course work. Effective dates after the end of Add/Drop will result in all courses on the student's transcript for that term assigned grades of "W" to indicate a withdrawal from those courses. It is the responsibility of the student to notify the Office of the Registrar in writing when he or she intends to return from leave.

All undergraduate (BM) programs, MM Voice, MM Jazz, and MM Contemporary Performance must take a two-semester Leave of Absence due to the sequential nature of coursework.

Scholarship awards are not affected by leaves of absence and carry over into the semester the student returns from leave. At the conclusion of a student's first semester following a leave, their artistic and academic progress will be subject to review consistent with MSM's current policies and procedures which apply to all students.

International students on student visas requesting a leave of absence should note that they are required to leave the country within fifteen (15) days of the "effective date."

Withdrawal

Students not wishing to return to the School should formally withdraw by emailing the Dean of Students. Withdrawn students are required to apply to the School for readmission if they wish to return. Information regarding reapplication to the School and auditions are available from the Office of Admissions.

[For information regarding the financial implications of taking a leave of absence or withdrawing from the School, see Refunds in TUITION AND FEES section.](#)

Medical Leaves of Absence

Manhattan School of Music is concerned about its students' health and well-being, and believes that students should receive appropriate physical or mental health care when necessary. A student experiencing a physical or psychological condition that significantly impairs their ability to function successfully or safely as a student may decide that a period of time away from MSM for treatment or recovery helps to restore functioning to a level that will enable the student to return and perform successfully academically and within the campus community.

Students may request that a medical leave of absence start during a semester in which they are currently enrolled, or start with the next semester on the academic calendar. In the event that a student starts a medical leave of absence during a semester, all courses on the student's transcript for that term will be assigned grades of "W" to indicate a withdrawal from those courses.

It is expected that a student on a medical leave of absence from MSM will use the leave for treatment and recovery. The School has established criteria regarding the student's eligibility for returning to the campus community. These criteria include, but are not limited to, evidence that the condition which precipitated the medical leave of absence has been treated and has improved such that it will no longer adversely affect the student's ability to participate as a student at MSM. Compliance with the treatment expectations is primary in the School's decision to approve the return of the student to MSM.

Students considering a medical leave are strongly encouraged to meet with a member of Student Affairs staff (Dean of Students, Counselor, Campus Health Nurse, etc.) to discuss their challenges and determine whether a leave is the best fit for their needs.

Should the student decide to take a leave, obtain medical documentation from a physician or mental health provider, and submit it to the Dean of Students for approval. Students may take a medical leave of absence for up to two semesters.

Limited Leave of Absence

A Limited Leave of Absence may be requested for professional engagements or sudden family or personal situations through the Office of the Provost.

A limited leave of absence generally is not granted for a period more than two weeks per semester. The leave must be pre-approved by the Dean of Academic Affairs at least four weeks in advance of the requested limited leave unless opportunities or situations are truly unforeseen. International students also require the pre-approval of the International Student Services. Students who receive pre-approval must then obtain approval from each of the student's instructors and department chair and submit the Limited Leave of Absence

Request Form to the Office of the Provost for final approval. The student remains registered for the semester and is responsible for all missed course work, exams, and juries, and for all fees associated with that semester.

Please be advised that leaves and withdrawals may affect immigration status and/or financial aid. Students should consult with the International Student Services Office and/or the Financial Aid Office as part of the Leaves/Withdraw process.

Involuntary Leave of Absence Policy

Manhattan School of Music cares deeply about the health, well-being, and overall success of all members of the MSM community. There are circumstances in which the School may need to remove a student to preserve the health and safety of the student or the community, as described in the policy below.

When a student's behavior presents a direct threat to the health or safety of the student or others, and supportive interventions to help the student modify the behavior while remaining in school have been unsuccessful, MSM may place a student on involuntary leave. This process is separate and distinct from the disciplinary process associated with violations of the Student Code of Conduct.

Unless they are sanctioned separately through the disciplinary process, students on involuntary leave will not be considered to have a student conduct record. However, it is important to note that being placed on involuntary leave (or taking voluntary leave) does not insulate students from disciplinary action if they have violated the Code of Conduct, though the impact of their health concerns on the behavior leading to the violation may be taken into consideration when determining sanctions. Criteria for Involuntary Leave Involuntary Leave should be considered only when one or more of the following criteria are met:

- The student's behavior poses a direct and imminent threat to their own safety or the safety of others in the campus community; and
- All available resources to support the student in modifying their behavior have been exhausted; or
- The student has communicated through words or behaviors their unwillingness to engage with available supports or to modify the threatening behaviors.
- *Suicidal ideation or behavior, in and of itself, does not constitute grounds for placing a student on involuntary leave unless the above criteria are met.

Mandated Assessment

- All members of the MSM community have a role to play in student health. If a faculty or staff member has a concern about a student's health (mental or physical), they may encourage the student to utilize available support services (the Counseling Center, the Campus Health Nurse) and may also inform the Dean of Students or any other member of the C.A.R.E. team of their concern.
- In instances where there is concern that the health issue being faced by the student significantly impacts their academic or social functioning or has the potential to cause disruption to MSM's learning community, the C.A.R.E. team may require the student to be evaluated by a campus counselor or nurse to

determine whether/with what supports they are able to remain on campus and attending classes (including reasonable accommodations for qualifying disabilities). During the mandated assessment period and the involuntary leave process, the Dean of Students, in consultation with the C.A.R.E. team may impose an interim suspension.

- The evaluating clinician will promptly provide the C.A.R.E. team with their assessment of the student's functioning and recommendations for supportive services (including the possibility of recommending the student take a medical leave of absence if warranted). The Dean of Students, in consultation with the C.A.R.E. team, will make the determination regarding whether the student may remain on campus or whether to encourage a voluntary leave or pursue an involuntary leave of absence.

Statement of Expectations

If it is determined that the student is able to safely remain on campus contingent on their engaging with supportive services (e.g., psychotherapy, substance abuse or eating disorder treatment, regular academic tutoring, etc.), the Dean will issue a Statement of Expectations (SOE) to the student outlining the expectations for treatment. This may include a requirement that the student and/ or their treatment provider(s) provide check-ins to the Dean or another School administrator at regular intervals to track the student's progress and monitor their continued safety.

- The Dean (or designee) will meet with the student to go over the SOE, which will be signed by both the student and the Dean and reflects the student's agreement to pursue appropriate supports and their understanding of potential consequences of not following through with the agreement. If the student does not agree to the expectations, they may appeal to the Provost. Such an appeal must include specific information about why the student objects to some or all of the expectations, including supporting evidence if the student believes the assessment is not clinically valid, or the

expectations are unduly burdensome. The decision of the Provost will be final.

Involuntary Leave Process

Generally, the process of placing a student on involuntary leave begins with the Dean of Students, in collaboration with the C.A.R.E. team, initiating a Mandated Assessment as described above. If the results of the assessment suggest that the threat of harm to self or other posed by the student's behavior is sufficiently severe that the student cannot safely remain on campus, the Dean of Students and one of the other members of the Student Affairs Team shall schedule a hearing with the student, to take place no sooner than two business days from the time the student is informed of the hearing.

- If the student is hospitalized or otherwise incapacitated or unavailable for an immediate hearing, the hearing shall take place no sooner than two business days after they become available. At the hearing, the Dean will give the student the opportunity to present any information or evidence they believe contravenes the decision of involuntary leave. The Dean will then issue a decision within two business days following the hearing. If the student believes the Dean's decision did not take into account all evidence and contextual factors, they may appeal the decision to the Provost, providing additional evidence in support of their position. The Provost's decision will be final.

Emergency Involuntary Leave of Absence

In cases where a student's behavior poses an immediate threat to their own or others' safety, the Dean may temporarily place the student on involuntary leave and take actions, in consultation with other relevant parties (e.g., Counseling staff, MSM administrators, C.A.R.E. Team, campus security, law enforcement, etc.) to remove the student from campus in order to ensure safety. In such instances, once the immediate threat has been addressed and the student is able to undergo the

process, the policies for involuntary leave outlined above should be followed, including the opportunity for appeal if desired by the student.

Returning from Medical Leave of Absence, Hospitalization or other Disruption of Study: The Re-Entry Process

When a student has been separated from MSM because of a medical or mental health concern, whether through a hospitalization or a longer voluntary or involuntary leave of absence, they must undergo a re-entry process prior to resuming their studies.

The goals of this process are:

- Ensure that students are ready to return to classes and/or School housing after an emergency, crisis, hospitalization, unexplained absence, leave of absence (LOA) or withdrawal (WD);
- Ensure coordination among separate areas and offices associated with the re-entry process;
- Give students and families a clear set of expectations and requirements for re-entry; and
- Ensure that MSM is adequately prepared to support students as they return to academics and housing.

Following Hospitalization

- Sometimes a student may be hospitalized relatively briefly and may decide not to take a semester-long leave. In these cases, a student who has been discharged from the hospital and wishes to return to school must still undergo a Mandated Assessment with a Campus Health and Wellness staff member or a clinical psychologist designated by the School to assess their readiness to resume study and determine recommendations and expectations for support/ongoing treatment, as described above. Hospital discharge paperwork, though necessary, is not sufficient documentation to allow the student to return to campus; discharge personnel at the hospital should coordinate with the Dean of Students (or the MSM clinician who

hospitalized the student, if applicable) to assure that a Mandated Assessment by MSM staff is conducted promptly following discharge.

Following Medical Leave of Absence

- Students wishing to return to MSM after a medical leave of absence must inform the Dean of Students in writing of their intent by July 15th (for return in the Fall semester) or November 1 (for return in the Spring semester).
- The Dean will then connect students wishing to return from a Medical Leave with either the Campus Health Nurse or MSM's Chief Psychologist. Students must provide them with documentation from the medical and/or mental health providers from whom they have received treatment while on leave, summarizing the course of treatment and the provider's assessment of their current level of functioning and readiness to resume study.
- In addition, when indicated and feasible, students may also be required to undergo an assessment with Health and Wellness Staff or a consulting community provider affiliated with MSM, the purpose of which is to assess the student's ability specifically to meet the rigorous demands of their education at MSM, supplementing the more general assessment of their safety and functioning furnished by their treating provider(s).
- The student will provide this documentation to the Campus Health Nurse or MSM's Chief Psychologist later than August 1 (Fall) or December 1 (Spring). The Dean will examine this documentation, make a decision regarding the student's eligibility to return to MSM at that time, and inform the student in writing of their decision within one week of receiving the documentation.
- Until this decision is communicated, the student may not be on campus, attend classes, or participate in any school-related activities. If the Dean does not permit the student to resume, and the student believes this determination has not taken all available evidence into consideration, they may appeal the decision to the Provost, whose decision shall be final.

Transfer Credit Policy/Credit by Examination

Classification of transfer students' level of study upon admission is based solely on audition performance; the number of semesters at MSM will depend on the results of the placement exams required of all new students and approved transfer of any eligible credits. Students may need to complete more semesters than expected in order to meet all degree requirements.

Only transfer credits from other nationally accredited institutions may be accepted into a degree program and are subject to an evaluation of official documents by the Office of the Registrar. Prior coursework is not automatically transferred; students must request to have credits transferred to MSM by submitting both transcript and course descriptions by July 1 for review of any applicable courses being requested. Review of final transcript and transfer credits will occur before the student's first day of classes, with the result and determination of transfer credits communicated before the student begins their program of study.

MSM will consider the transfer of undergraduate course credit with the grade of C or above in core Humanities, Humanities electives, and other suitable electives as determined by the Office of the Registrar. Credit for core courses – Aural Skills, Keyboard Skills, Required Piano, Music Theory, and Music History – is granted on the basis of placement exams administered before the student's first semester. A maximum of sixty transfer or examination credits may be applied towards an undergraduate degree.

Graduate students may transfer a maximum of nine graduate credits earned at another accredited institution with a grade of B or above.

No transfer credit will be granted for major lessons and ensembles. Students receive proficiency credit for lessons based upon their audition for admission which determines classification of their level of study.

Students accepted into the MSM's Foreign Exchange Program and completing courses as a partner institution will be evaluated by the Exchange Program Committee. Exceptions to this policy may be granted on a case-by-case basis in consultation with the student's department chair.

MSM does not accept for transfer credit or placement: AP credits, college courses taken in high school which count toward the high school diploma, nor courses which have been used to fulfill requirements of a previous degree program. Transfer credit is not given for courses from institutions where the language of instruction is other than English. Students who have studied in a non-English institution may still complete placement exams as described above.

Fulbright Program

The Fulbright Scholars Program, administered by the Council for International Exchange of Scholars (CIES), are awarded to graduate students, graduating seniors, and other candidates of exceptional ability who wish to pursue study abroad. Grants are made to United States citizens and nationals of other countries for a variety of educational activities, primarily advanced research, graduate study, university teaching, and teaching in elementary and secondary schools. Information regarding the Fulbright Program is available from the Provost's Office.

GRADING

Grading System

CREDIT GRADES	NUMERICAL EQUIVALENT	
A	4.00	Excellent
A-	3.67	
B+	3.33	
B	3.00	Good
B-	2.67	
C+	2.33	
C	2.00	Fair

D	1.00	Poor
D-	.67	

Major Lesson/Jury Examination Grading

If a student receives a grade between C+ and D- for major lessons or a Jury Examination, the Dean of Students, Provost, Department Chairperson, and major teacher will meet to discuss the general quality of applied work. If it is agreed that the grade is not representative of the student's work, Probation will not result, but the grade will remain on the student's transcript. If Probation results, it will be for one semester. The student is then re-evaluated through a Re-Jury Examination at the conclusion of the following semester. If the student receives a B- or higher, he or she is taken off Probation; if the grade remains between C+ and D-, Probation continues until the Re-Jury Examination at the conclusion of the following semester. If the quality of work does not improve by that time, the student will be dismissed.

Students who receive a failing grade for major lessons or Jury Examination are immediately dismissed from the School.

Classwork Grading

If a student receives a D+ or lower in one class, the student will receive a warning letter from the Registrar. If a student receives more than one of these grades, the student will be subject to Probation or Dismissal.

Non-Credit Grades

- F** Failure
- I** Work Incomplete (by petition only)
- W** Withdrawn
- P** Passing (used for deficiency courses or when a letter grade is not required to show successful completion of work and is not included in GPA)
- AU** Audit Class
- IP** In Progress (for DMA students only, this grade is not factored into overall GPA)

Incomplete Grades

Incomplete grades should only be considered under extraordinary circumstances and with the pre-approval of the Dean of Academic Affairs, in consultation with the faculty member. An Incomplete will appear on a student's permanent transcript indicating late completion of the course. Once the work has been completed and a grade has been issued by the faculty member, the Incomplete will be changed to a permanent letter grade. Students receiving incomplete grades are required to complete all work by the end of the following semester; if the work is not completed, the Incomplete will be changed to an F automatically.

Manhattan School of Music Policy Regarding FERPA (The Family Educational Rights and Privacy Act)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They are:

1. The right to inspect and review the student's educational records within 45 days of the day the School receives a request for access.
 - a. Students should submit to the Registrar or other appropriate official, written requests that identify the record(s) they wish to inspect. The School official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the School official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's educational records that the student believes is inaccurate or misleading.
 - a. Students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the student, the School will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
 - a. One exception that permits disclosure without consent is disclosure to School officials with legitimate educational interest. A School official is a person employed by the institution in an administrative, supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the School has contracted (such as an attorney, auditor, collection agent, or security guard); a person serving on the Board of Trustees; or, when deemed appropriate a student serving on an official committee, such as a disciplinary or grievance committee, assisting another School official in performing his or her task, or employed as a worker. Legitimate educational interest is defined as the determination of the right of a School official to review an educational record in order to fulfill his or her professional responsibility. In addition, the official must be able to demonstrate that the review is directly related to the student's educational welfare or the safety of the student and/or other members of the School community.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Manhattan School of Music to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 600 Independence Avenue, SW Washington, D.C. 20202-4605
5. Schools may disclose, without consent, directory information including a student's name, telephone numbers (permanent, primary, and cellular), addresses (including electronic mail), date and place of birth, major, honors, awards, photograph, classification, dates of enrollment, degrees conferred, dates of conferral, graduation, distinctions (including Dean's List), and the institution attended immediately prior to admission. Students who wish to restrict the release of such information are required to notify the Office of the Registrar in writing within 10 days of the first day of the semester of enrollment.

Student Right to Know Act (Disclosure of Institutional Graduation/Completion Rates)

Manhattan School of Music provides the following information regarding its graduation/completion rates. The information is provided in compliance with the Higher Education Act of 1965, as amended. The rates reflect the graduation/completion status of students who enrolled during the 2010-2011 school year and for whom 150% of the normal time-to-completion has elapsed.

During the fall semester of 2010, 98 first-time, full-time, certificate or degree-seeking Undergraduate students entered Manhattan School of Music. After 6 years (as of August 31, 2017) 69% of these students had graduated from the institution or completed their programs.

Questions related to this report should be directed to: the Registrar at (917) 493-4418.

While reviewing this information, please bear in mind:

- The graduation/completion rate is based on 6 years of attendance that equates to 150% of our longest program.
- We have elected not to report our transfer-out rate because the School's mission does not include providing substantial preparation for students to enroll in other institutions.
- The graduation/completion rate does not include students who left the school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded.

Campus Safety

The Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education.

At the same time, the School believes that it is of prime importance for professional musicians to possess as broad a general knowledge as possible and to extend the understanding of their art beyond the area of their specialization.

UNDERGRADUATE

The undergraduate programs of study at MSM consist of four areas of concentration:

1. Major field of study
2. Coursework in musical subjects
3. Ensemble performance
4. Humanities studies

Bachelor of Music

The Bachelor of Music degree is a four-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation.

In instances where applicants to the undergraduate division already possess a Bachelor's degree from another school, they may be awarded the MSM Bachelor of Music degree upon fulfilling the specific musical requirements set forth in the curriculum. While MSM generally requires a student to be full-time for the duration of their BM program, a student in the final semester of the program who has completed enough of the requirements may apply to be part-time in that semester.

Unified Core Curriculum

During the freshman and sophomore years at MSM, students in the classical division take a sequence of courses especially designed to unify, coordinate, integrate, and interrelate basic studies in music theory (counterpoint, harmony, form, and analysis), music history (an exposition of the evolutions and revolutions of musical style and traditions in Western classical music from c. 1000 until the present), and the humanities (the discipline of the intellect—reading, writing, critical judgment, articulate speech—as well as a chronological survey of Western civilization from the wellsprings of Classic Greece until the present—history, politics, philosophy, art, geography). The core sequence includes seminars in which students actively participate through discussion and writing. The core sequence also includes lecture classes where general trends and concepts of theory, music history, and the progression of Western civilization are described. The

GRADUATE

The graduate programs of study at MSM consist of three areas of concentration:

1. Major field of study.
2. Coursework in musical subjects.
3. Ensemble performance.

unified core curriculum prepares the undergraduate student to take intense, specialized, elective courses in the junior and senior years.

Humanities

The four-year undergraduate program of study in Humanities at MSM is designed to prepare professional musicians for a full life as cultured citizens. All students in the undergraduate degree program are required to take 24 credits (voice students, 18) distributed among Humanities Core and Elective classes.

Students are trained to think and write clearly, to analyze carefully, and to read the basic texts of the cultural tradition. Advanced courses include multicultural interdisciplinary classes which combine music, art, and literature. Transfer students may receive credit for equivalent courses at other institutions.

Diploma

The Diploma course is the same as the Bachelor of Music degree minus the Humanities Core and Humanities Elective requirements. The Diploma represents recognition of accomplishment in the field of music, but it does not carry with it the rights and privileges of a college degree. For audition requirements and course sequence plans for undergraduate programs of study in all majors, see Departments by Major.

Master of Music

The Master of Music degree is a two-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation. MSM requires full-time status for all four semesters of the Master's program.

POSTGRADUATE DIPLOMA

The Postgraduate Diploma course is the same as the Master of Music degree minus up to six general graduate elective credits. The Diploma represents recognition of accomplishment in the field of music, but it does not carry with it the rights and privileges of a college degree.

CONTEMPORARY PERFORMANCE

The Contemporary Performance Program at MSM is a vibrant community of graduate students who are passionate about the music of our time. The program features private instruction, group classes, composer collaborations, and performances with MSM's premier contemporary ensemble, Tactus. Our students receive detailed instruction in various aspects of contemporary classical music performance, including— but not limited to—extended techniques, performance with electronics, and improvisation.

Students participate in lessons with world renowned performers of contemporary music. We encourage all of our students to explore widely in order to develop a sense of their personal mission as artists and cultural ambassadors.

PINCHAS ZUKERMAN PERFORMANCE PROGRAM

The internationally acclaimed violinist and conductor Pinchas Zukerman accepts a limited number of exceptionally gifted violinists and violists as private students at Manhattan School of Music each year. This program, under Mr. Zukerman's supervision, is devoted to the artistic and technical development of these talented students.

Mr. Zukerman works intensively with each student approximately six times per semester for a total of twelve private lessons throughout the academic year. In addition, weekly lessons are taught to the Zukerman class by Patinka Kopec, who has been personally selected by Mr. Zukerman to be his sole teaching associate and the program coordinator.

Applicants from around the world are auditioned either in person or by videotape by Mr. Zukerman and Ms. Kopec. The class includes three to ten students, ranging in age from fourteen years old to the young career instrumentalists as well as the traditional conservatory student.

OPERA THEATRE AT MSM

Manhattan School of Music opera productions have been praised as a significant contribution to operatic life in New York City, and numerous performances

have been released as commercial recordings. All voice students participate in ensembles, and opera experience is available to all through a variety of

opera-related programs and courses. Opera is not a major, but rather a significant feature of the vocal performance experience at MSM.

Graduate

Graduate students develop their artistry under the guidance of eminent artist-teachers while gaining exposure before New York City audiences through a variety of productions each year that include: two full productions with orchestra on the Neidorff-Karpati stage; a new Fall Opera Scenes Series; a new Fall Chamber Opera-level production; the return of Opera Workshop (fall only) to hone audition and professional skills; a new spring Opera in Concert collaboration

with the MSM Symphonic Orchestra; a workshop of a new work or workshop performance of a one-act opera; and Musical Theatre Lab.

Undergraduate

Juniors and Seniors will participate in a fall opera scenes program that explores a wide variety of styles and languages while developing important artistic and collaborative skills. In the spring two options are available and will be cast by competitive audition – a fully-staged production with chamber orchestra or a one-act opera or cabaret-style performance with piano.

DOCTOR OF MUSICAL ARTS

The program of study leading to the Manhattan School of Music Doctor of Musical Arts degree is offered with majors in Collaborative Piano (with a concentration in either instrumental or vocal music), Brass, Composition, Conducting, Guitar, Jazz, Organ, Piano, Strings, Voice, or Woodwinds. A minimum of 60 credits in approved graduate courses is required. The curriculum is designed to prepare the candidate for a performing career and for teaching at the college level. Students will, therefore, be expected to demonstrate strong academic capabilities in addition to a high level of achievement in performance or composition.

Admission

Requirements for admission to the Doctor of Musical Arts degree program include (1) a Master's degree in music or its equivalent, (2) an application, including all supporting academic records and documents (3) an audition before the faculty of the applicant's major department, (4) a written examination in music history and theory, (5) an interview with the Doctoral Committee, which includes an English language proficiency assessment if the applicant's native language is not English.

Advisement

Students admitted to the program must consult with Associate Dean for Doctoral Studies, Jeffrey Langford, each semester prior to registration. The Assistant Dean for Doctoral Studies, in consultation with the Doctoral Committee, administers all matters of curriculum, document topics, examinations, and applications for graduation. All inquiries, forms, and petitions should be forwarded to the Assistant Dean for Doctoral Studies.

Assistantships in the Classical Division

A limited number of assistantships and teaching fellowships are available to doctoral students qualified to assist professors in history and theory courses, to teach Required Piano, to work in the Outreach and Guitar departments, and to assist

the Assistant Dean for Doctoral Studies with administrative duties. Awards are made on a yearly basis. Recipients may apply to the Director of Doctoral Studies for a one-year renewal of their assistantship.

Awards may not exceed two years.

Degree Requirements

Classical Division

1. Prior to graduation, all students, except Jazz majors, must demonstrate reading knowledge of a foreign language at a level that will enable them, with the use of a dictionary, to translate 500 words of a musicological text in two hours. The choice of language is usually French, German, or Italian, but the student may petition the Doctoral Committee for an examination in another language if that language can be shown to be relevant to the student's specific research interests.
2. Prior to graduation, the student must pass a comprehensive examination in both history and theory. This includes a six-hour written exam and a one-hour oral exam before the Doctoral Committee. The examination is offered twice a year and may be taken as early as the second year of study. Any student who fails the comprehensive examination or any portion thereof three times will be dismissed from the program.
3. Students must be in residence at the school for a minimum of two years.
4. All coursework and performance requirements must be completed within five years of the date of matriculation. A one-year leave of absence may be taken.
5. After completion of the two years of required course work, students register for Thesis Research in every semester until graduation. In the fall semester, students will submit a written report on the progress of their thesis research; and in the spring semester, they will meet with the Assistant Dean for Doctoral

Studies for the purpose of making a formal presentation of their work.

6. Students applying to the Collaborative Piano department elect a concentration in either vocal or instrumental accompanying and are expected to audition with repertoire selected accordingly. Students concentrating in vocal accompanying must pass proficiency exams in Italian, French and German diction or satisfy any deficiency by auditing one or more of the following: Italian for Singers (IT2101-2102), French for Singers (FR2101-2102), German for Singers (GR2101-2102).
7. Students may transfer a maximum of nine graduate credits earned at another institution with a grade of A or B; no applied credits (i.e., private lessons) may be transferred.
8. Performance majors are required to give three recitals, one of which is usually chamber music. For Collaborative Piano majors, all three recitals comprise chamber music. In addition to the three recitals, graduation requirements for Organ majors include mastery of all major and minor scales in double thirds and arpeggios at the piano, three pedal virtuoso pieces, and four trio sonatas of Bach.
9. Piano and Guitar majors have the additional requirement of performing two solo concertos, while other Classical, instrumental majors must play one concerto and pass a jury examination on excerpts from the orchestral repertoire.
10. Composition majors present a concert of original music written primarily during the period of doctoral study. The student is encouraged to participate as a performer or conductor in at least one work. Composers also take a jury examination in each of their first two years in order to assure the Composition Department that works of sufficient quality and quantity are being produced.
11. Prior to graduation, all students submit a written thesis demonstrating an advanced level of research and writing skills. Further details concerning the thesis requirement may be found in the Doctoral Studies Handbook

available from the Assistant Dean for Doctoral Studies.

12. Voice majors must pass proficiency exams in French, Italian, German and English diction or satisfy any deficiencies by auditing or taking one or more of the courses listed in paragraph 5 above.

Jazz Arts Division

1. Jazz Arts Advancement majors are required to present:
 - One large ensemble recital (Jazz Chamber Music). Students must conduct and/ or solo in the performance. This performance should be 90-120 minutes in duration inclusive of intermission.
 - One lecture recital on a topic of the student's choice to be approved by the Interim Dean of the Jazz Arts Program. Duration should be 50 minutes.
 - One research document on a jazz-related topic of the student's choice. This document must be approved by the Interim Dean of the Jazz Arts Program and should be from 60-80 pages in length. The research document is a flexible requirement. Underlying this project must be evidence of basic research skills and good writing technique. Beyond that, we suggest work on a subject that will be of sufficient practical interest to the music world to offer the opportunity for publication. Common approaches to this project include a historical study of some subject related to the major field or an analytical study of a work or group of works from the repertoire of the student's instrument or a critical edition of some previously unavailable work(s).
2. The culmination of the doctoral program is the comprehensive exam. It is important to understand that these tests are not a measure of what the student learned in the two years of course work at Manhattan School of Music, but are rather an evaluation of his or her total experience with the history, literature, and theory of music gained over many years of working as a musician. Prior to graduation, the student must pass comprehensive examinations

in jazz history/styles/analysis (HSA Exam), theory/analysis (TA Exam), and improvisation (Improv Exam). The HSA Exam and the TA Exam are written exams. The HSA exam involves listening as well as writing and takes approximately three hours.

3. The TA Exam involves analysis of scores and transcriptions as well as short composition exercises and takes approximately four hours. The Improv Exam is a playing and written examination that will take approximately one hour. In the Improv Exam, students are required to:

- Provide their own accompanying trio and perform at the highest doctoral and professional level.
- Memorize and be fluent in all 60 compositions from years 5 and 6 of the departmental handbook (green book) and be prepared to play any of these compositions for the panel. The panel will select several of these pieces for performance.

- With the exception of the following compositions— Nica’s Dream, Pensativa, Upper Manhattan Medical Group, Moments Notice, Airegin, Chega de Saudade, Stablemates, and In Your Own Sweet Way—know all of the remaining compositions from years 5 and 6 in 12 keys.
- Write and play a line on a given chord progression.
- Sight read and improvise on a composition that will be provided by the panel.

Upon completion of coursework, recitals, research document, and comprehensive exams (in this order), the student must present his or her thesis. The thesis is a 30-minute jazz orchestral work (for studio orchestra) to be performed in a Jazz Philharmonic concert. The student must solo in and/or conduct the work. The work must also be accompanied by extensive program notes.

CP1300 Living in Sound

2 hrs weekly/2 credits per semester

Did you know there is no such thing as an ear lid? The fraction of information lost with a blink is not lost on the ear. Current archeoacoustic studies have shown that prehistoric people navigated caves by using sound as sonar. This means our ears have the capacity to distinguish between the different densities of substances, the volumes of spaces and the distances between objects. Indeed, measuring distance is more accurate when understood aurally than visually.

This course explores what information an open ear can give. It looks at the deep listening theories of Pauline Oliveros and the work of sound artists and composers like Murray Schafer, Bernhard Leitner, David Dunn, Christina Kubisch, Alvin Lucier, Hanna Hartman, Paul Panhuysen, Laurie Anderson, Hildegard Westerkamp, David Byrne, Jürg Frey, Laurie Spiegel, Max Neuhaus, Paul DeMarinis, Peter Ablinger, David Dunn, John Grznic, Peter Cusack and Mary Jane Leach. The aim of this course is to refine listening within natural and built environments.

In addition to weekly assignments that are basically thought experiments, the final assessment involves the creation of a sound installation.

CP1500 Tuning Systems and Acoustics

2 hrs weekly/2 credits per semester

This course will explore the origins and development of tuning systems and acoustics from Ancient Greece to the present and projecting into the future. CP2621-2622

2 hrs weekly/2 credits per semester

Advanced Electronic Music is a full-year course in electronic music. The primary topic is live sound (i.e. how to install and operate a PA system) with the goal of giving students real-life technical tools to produce their own concerts. Topics include the practice and theory behind analog and digital mixing, live sound processing, concert diffusion, spatial audio, sound reinforcement, mixed music techniques, concert recording, and efficient equipment set-up and tear-down. Here, students meet as a group during class time and have to execute eight assignments in addition to a final exam to test their knowledge of the technical aspects of concert planning and setup.

In the last weeks of the fall semester, students are asked to suggest a collaborative musical project for the spring semester, and students are then paired with a 1st-year performer from the Contemporary Performance Program. Though pairing is encouraged and is a fantastic collaborative opportunity, it is not required and students are free to find their own performers.

The spring semester course focuses on students' collaborative projects. There is no focus on any particular device, software, technique, or aesthetic; rather, we focus on the best tools to achieve each student's creative goals. As such, class time takes the form of group composition classes, where students show their work-in-progress on a weekly basis. As one student discusses their work, the others are invited

to ask questions and/or comment on the presented ideas. The final collaborative project should be between 10-15 minutes in duration, and can be either only electronic, or for electronics and live instrumentalists. The composition will be presented in a public concert, entirely run and organized by the students in the class based on the knowledge gained in the fall semester. In addition, students must submit a complete score (if applicable) and technical rider for their composition.

This is a full-year course.

HU0001.NN-HU0004.NN Humanities Core: Non-Native Speakers

3 hrs weekly/3 credits

MSM has a long tradition of looking to support talented international students with their Humanities studies. The four semesters of the Non-Native Humanities Core were born in 1995. The courses were designed and have evolved to bridge the ever-changing linguistic needs of those international students from their first languages to a more advanced mastery of English-language skills.

This bridge is built using content-based, interactive teaching techniques which allows for flexibility in teaching to the writing needs, the reading comprehension needs and the oral/aural needs of students. Close engagement and examination of readings of shorter excerpts from Humanities Core texts through journal writing, group discussions, whole-class discussions, individual presentations engage students interactively with texts. Relevant films, film clips, works from the fine arts of painting and sculpture, from the performing arts of music, opera, musical theater and dance add another dimension and help form cultural foundations from which to read, understand and address in writing, more easily, the literary works of other cultures. All this leads to open discussion and comparison of similar ideas from all of these sources and helps form a foundation for the work of the literature of

these courses. Such rigorous work assists students in developing a sense of linguistic confidence in expressing themselves orally and

in approaching complex readings and writing assignments in other courses in the conservatory. The skills and confidence resulting from the NN-Core course work will help international students integrate more fully into the general community at the Manhattan School of Music.

HU1856 Genius, Madness, Vocation: The Artist as Eccentric

3 hrs weekly/3 credits

The phenomenon of creative genius has always been particularly fascinating to students of the arts. How do we define genius? What conditions enable it to flourish? What driving forces propel the genius forward on the path to creative accomplishment? What is the ultimate fate of the genius who stands apart from the surrounding society?

This course sets out to consider these central questions and to challenge the stereotypical view of genius as identical with madness by examining the life and work of artists who rebelled against conventional standards and sustained vocational commitment to a life of imagination. Representative artists include the Romantic visionary poet and artist William Blake, the reclusive and fiercely independent American poet Emily Dickinson, the iconoclastic and oracular German philosopher Friedrich Nietzsche, the innovative modern novelist and pioneer feminist Virginia Woolf, the revolutionary artist Pablo Picasso, the provocative depth psychologist Carl Gustav Jung, and the seductive 60s American rock star and shaman Jim Morrison from the Doors. In addition to engaging the creative work of these representative geniuses, students will consider the biographical and historical context of their accomplishments through video documentaries and other supporting materials in order to evaluate their achievements and their legacy.

One important novelty of the era, the Opera, will be the subject of many of our lectures, tracing its growth from its early champion, Claudio Monteverdi, to the late Baroque giant Georg F. Handel. This is also the period in music history when Instrumental music is emancipated from Vocal dominance and for the first time gains an independent value of its own. We will explore the inspiring composers, who courageously lead this movement with their masterpieces François Couperin with his keyboard suites, Arcangelo Corelli with his trio sonatas, Vivaldi with his beloved violin concerti, and Bach with his historic Well Tempered Clavier. We will conclude our semester with the deep study of the two foremost Classical Period composers Haydn and Mozart.

MT0016 MT Lab (Senior)

3 hrs weekly/3 credits

New Musical Theatre (NMT) Lab is a performance-based course, in which students perform newly-written musical theatre pieces on a weekly basis. While traditional musical theatre education heavily relies on “the canon”, the current professional climate often asks of the performer to workshop and learn completely new material in a rapid timeframe and with little assistance. The goal of this seminar is to help prepare the students for the expectations they will be met with once they embark on their professional journey. This course demands that the students learn and memorize new songs in a prompt manner, while making artistic choices and decisions on their own. Each performance is discussed and critiqued by myself, and occasionally by a guest artist from the industry. The songs included in the course are handpicked from projects written by the new generation of writers, and have yet to be published or produced. Each student will receive their song 48 hours before the seminar, and will be expected to perform the material at the highest level

as demanded in the professional world. The musical sequences grow in length and difficulty throughout the semester, and the course culminates in large ensemble performances.

MT0001-0002-0003 Acting 1, 2 & 3, (Freshman/Sophomore)

3 hrs weekly/3 credits

Acting I, II, and III is a progressive system of structured exercises (which leads into scene work) for developing concentration and imagination, stimulating instincts and impulses, in order for the student to be able to create believable, authentic, embodied behavior in relation to the imaginary circumstances they are involved with.

This approach trains the actor to “live truthfully under imaginary circumstances,” to discover personally meaningful points of view with respect to the written, or improvised, word and to express spontaneous human reactions and authentic emotion with the utmost sense of truth.

MT0004 Acting 4, Devised Practice (Sophomore)

2 hrs weekly/2 credits

This course will be a hands-on dive into the experience of creating a work of Devised Theatre. Each class will begin with a warm-up that will alternate between technical exercises (physical, vocal, etc.) and investigatory (sensory awareness and concentration exercises).

Eventually students will be in charge of leading their own warm-ups. The body of the course will be devoted to the creation of original Devised Theatre group pieces. Devised Theatre is essentially ensemble-work and a major theme of the course will be the techniques of partnering (duos, trios and large groups).

Students will create scenes, songs and movement. Writing will be an essential component of the course. Students will be writing in each class -“Devising” ideas will come out of their timed writing, reflections on the work they are doing in the class and ideas that emerge out of group discussion.

The course will culminate in final group pieces, which will be shown to the class, discussed and evaluated, then worked on again for a second showing.

Devised Theatre techniques are widely in use by noted contemporary Off-Broadway ensembles such as Target Margin Theater, SITl Company, Wooster Group and The Civilians. Many of the theater ensembles featured in New York Public Theater's "Under the Radar" Festival are Devised Theater companies.

Even commercial Broadway productions use devised theater techniques in the creation of work (i.e., the movement in "The Curious Incident of the Dog in the Night-Time" was created by Frantic Assembly—a Devised Theatre company). Improvisation techniques, team-building skills and the ability to create something from the blank canvas is the foundation of our work in this course. Aspiring musical theater performers versed in the techniques of making Devised Theater will have an advantage in working in professional theater.

"Revealing the Actor Singer Within" is a pathway to embracing constant and abundant growth, curiosity, and confidence.

PT2500.P1 Stagecraft in Opera and Song

2 hrs weekly/1 credit

Stagecraft and acting in Opera and Art Song are challenges because of the extended moment inherent in music, and the large spaces in which the repertoire is often performed. Instead of "real-time" action, reaction, gesture, and movement, the acting singer will find it necessary to expand and sustain presence, physical activity, facial expression, movement and gesture. The grace, poise, and inspiration required in moving and acting to music -physically motivating musically dramatic moments and creatively using the introductions, interludes, postludes, and textual repetitions supplied by the composer -are necessities in a professional operatic career. In this course students will learn how to accomplish these goals with a comprehensive skill set designed to complement the principles taught in straight acting.

Once the Italian is authentic, we work on how to be expressive in the language, paying attention to word stress and the variety of ways one can sing a recitative in terms of tempo, color, rubato, appoggiatura, and how to interpret the composer's intentions regarding rhythm.
