ACADEMIC CATALOG POLICY

This Academic Catalog Policy serves to familiarize all undergraduate, graduate, and doctoral students with Manhattan School of Music’s academic policies and procedures as of July 1, 2024. A department or program may adopt more specific policies or procedures applicable to the particular program of study. Together, the policies and procedures set forth in this Catalog and in program-specific policies constitute your resource guides regarding the academic requirements of the School.

The policies and procedures in this Catalog are subject to modification, revision, and updates at the discretion of the School or the program in question, to comply with evolving accreditation standards and best practices in the best interests of the MSM community. These policies and procedures do not constitute a contract, do not reflect binding commitments by MSM, and may not be relied upon as such. Manhattan School of Music will notify students when policies or procedures are revised, but students also have a responsibility to stay current on the applicable policies and procedures for their particular degree or certification programs.

In addition, the entire campus community must recognize that COVID-19 or other known or unknown conditions may challenge the operations, as well as the health and safety, of our community. The School publicizes its current plans and expectations on the MSM website and reserves the right to modify its health and safety policies at any time to best meet the needs of the entire campus community. All students must comply with these guidelines, and may include completing a daily health questionnaire as part of our shared responsibility to help protect the health and safety of the community. If, following a campus judicial hearing, a student is found to have violated these campus safety protocols, a sanction up to and including suspension or dismissal may be imposed, without refund.

Manhattan School of Music reserves the right to change or alter its programs, services, methods of delivering course content, schedules, safety guidelines, and operations to respond to the evolving needs of the campus community. These changes may include: (1) adjusting the method of delivering course content, curricula, or services, including the conversion of some or all coursework or business to remote instruction or remote operations; (2) modifying, postponing, or temporarily eliminating academic course offerings, program requirements, clinical assignments or experiential learning, access to facilities, student activities, and other services; (3) postponing or adjusting extracurricular activities and offerings; (4) changing or adjusting semester schedules, examination schedules, teaching and academic counseling assignments, and grading protocols; and (5) otherwise changing or adjusting academic operations and student activities when such modifications are deemed to be in the best interests of the students and the health and safety of the greater campus community. Any changes to the learning environment for this academic year (2024–2025) will not result in a reduction of tuition and fees because instruction, academic credit, and non-academic services will nonetheless be provided to students, whether in-person, remotely, or in a hybrid environment.
MISSION AND HISTORY OF THE SCHOOL

MISSION

Manhattan School of Music is deeply committed to excellence in education, performance, and creative activity; to the humanity of the School’s environment; to preparing all our students to find their success; and to the cultural enrichment of the larger community. A premier international conservatory, MSM inspires and empowers highly talented individuals to realize their potential. We take full advantage of New York’s abundant learning and performance opportunities, preparing our students to be accomplished and passionate performers, composers and teachers, and imaginative, effective contributors to the arts and society.

HISTORY

From its beginnings as a small community music school to its current incarnation as a top conservatory, Manhattan School of Music has upheld a tradition of excellence in music education. The School was founded in 1917 by pianist and philanthropist Janet D. Schenck. Then called the Neighborhood Music School, it was located on Manhattan’s Upper East Side and tasked with bringing high-quality musical training to the immigrant communities of New York City. By re-establishing the musical communities that had existed in these immigrants’ home countries, Schenck hoped to further the nascent cause of American music. To that end, the School developed its resources to educate the complete musician. By 1928, enrollment at the School had reached 400 students. Under additional artistic guidance from Pablo Casals, Harold Bauer, and Fritz Kreisler, the Neighborhood Music School erected a new building and, in 1938, changed its name to Manhattan School of Music. In the space of twenty years, the school had built a national reputation. By 1943, the School offered the Bachelor’s degree; advanced degree programs soon followed. In 1956, Dr. Schenck retired and John Brownlee, noted Metropolitan Opera baritone, was appointed director, a title later revised to president. President Brownlee initiated the idea of relocating the School to the Morningside Heights neighborhood; his death occurred only months before his efforts were realized. In 1969, George Schick, Metropolitan Opera conductor, accompanist, and distinguished opera coach, succeeded Brownlee as president and led the School’s move to its present location. John O. Crosby, founder and general director of the Santa Fe Opera, was appointed president in 1976; Gideon W. Waldrop was appointed in 1986; and Peter C. Simon in 1989. Marta Casals Istomin, former director of the Kennedy Center for the Performing Arts, served as president of the School from 1992 until 2005. Her tenure saw the construction of the G. Chris and SungEun Andersen Residence Hall, which opened in 2001. In addition to student housing, Andersen is home to the William R. and Irene D. Miller Recital Hall and the Alan M. and Joan Taub Ades Performance Space; the Peter Jay Sharp Library; and 108 practice spaces. Dr. Robert Sirota, appointed president in 2005, oversaw significant growth at Manhattan School of Music during his seven-year tenure, instituting the critically acclaimed Contemporary Performance Program and, in 2010, the innovative Center for Music Entrepreneurship, (now the Center for Career Readiness and Community Impact) as well as the addition of the Solomon Gadles Mikowsky Recital Hall, a new state-of-the-art recital space. Under the current leadership of Dr. James Gandre, who assumed the presidency in May 2013, Manhattan School of Music continues to uphold the mission that Janet Schenck began over 90 years ago. Now home to 950 students from over 40 countries, the School is a thriving international community of artists. As MSM continues to grow, its focus remains the same: the education of tomorrow’s leaders in the arts.
CULTURAL INCLUSION

We believe an educational environment must be rooted in Cultural Inclusion to achieve academic and artistic excellence. Manhattan School of Music is committed to creating an inclusive environment that permeates every aspect of our students’ experience. Cultural Inclusion at MSM includes learning and understanding individual identities and differences of people who constitute our community. Cultural Inclusion also requires the study and performance of works by and creators from a diverse range of backgrounds, including race, ethnicity, nationality, gender, able-ness, and/or sexual orientation. Faculty and students share the responsibility of advancing MSM’s commitment to Cultural Inclusion. This is described in more detail in course syllabi.

Currently only undergraduate students are eligible to take courses at Barnard College.

Student Use of Manhattan School of Music Facilities

Tuition payment provides access to Manhattan School of Music facilities only when classes are in session, and does not include the intercessions or summer vacation. College students have limited access to Manhattan School of Music facilities on most Saturdays when the Precollege Division is in session. Manhattan School of Music reserves the right to enforce rules for facilities usage at all times.

CANCELLATION OF REGISTRATION:

A student may request to have their course registration canceled without tuition and fees liability prior to the first day of classes. The student must contact the Registrar’s Office to request cancellation of registration. The deadline to cancel registration without tuition and fees liability is:

Fall 2024: September 3 at 11:59 PM
Spring 2025: January 12 at 11:59 PM

Once a student attends class or uses MSM’s facilities/services, the student may not cancel classes. A withdrawal from MSM must be processed.

WITHDRAWAL

Withdrawing from a semester occurs once the semester commences and requires the student to process a withdrawal. The student initiates a withdrawal by contacting the Dean of Students. For full details regarding requesting a Leave of Absence or Withdrawal, please see Leaves and Withdrawals (hyperlink to p. 21 or current location). Students who complete the withdrawal process within a refund period (see the refund schedule below) receive a pro-rated tuition refund based on the effective withdrawal date approved by the Office of the Registrar. Students who fail to request a withdrawal remain enrolled; all tuition and associated fees are the responsibility of the student to pay.

REFUNDS:

Students who withdraw from MSM during the refund period are eligible for a refund on tuition and if applicable, housing. No other fees are eligible for a refund. Before a refund is issued to a student, MSM must make appropriate refunds to financial aid programs, if applicable. The final amount of a
refund will be reduced based on the adjustments with financial aid, and/or any prior amount owed to MSM. The pro-rated refund schedule is stated below.

**Nonrefundable Charges**

Registration, general student fees, health insurance, late fees, meal plan fees, graduation fees and certain Other Fees are non-refundable.
OFFICE OF THE REGISTRAR

REGISTRATION AND ACADEMIC STATUS

The Office of the Registrar pre-registers students for courses according to their program requirements. It is the individual student’s responsibility, however, to ensure that he or she is meeting those requirements in a timely manner.

No student will be permitted to attend classes or lessons until payment of tuition and fees has been made in accordance with the arrangements described in tuition and fees.

Registration for New Students

Permission to register for classes is granted to new students and former MSM students beginning a new program only if they have been formally admitted through the Office of Admission. Instructions and materials for registration are available at the times designated for new student registration.

Registration for Continuing Students

In April and November, all current students who expect to continue their studies in the following semester are required to register for classes.

Registration for Returning Students

Returning students are defined as:

1) Students returning after an official Leave of Absence; or 2) A former student seeking to complete unfinished degree requirements and formally readmitted by the institution. Such students should contact the Office of the Registrar in writing or by email and set up an appointment with a counselor.

Undergraduate students transferring to MSM may have credits transferred from a previous school or schools to Manhattan School of Music.

Please refer to the Transfer Credit Policy/Credit by Examination section for information.

Credit Hours

MSM defines credit hours as follows:

Courses

A credit hour is 50 minutes of a lecture or seminar course (this assumes approximately 2-3 hours of work outside the class). A two-credit course typically has 110 minutes (two hours) of class time and requires 4-6 hours of study or preparation per week. Over a 15-week semester (including exams) a typical two-credit academic course is the equivalent of 90-120 hours.

Ensembles

One credit hour is granted for most ensembles. Jazz ensembles receive two credit hours as extensive individual preparation is required. Ensembles typically meet for a total of 55-82 hours per semester. The syllabus and ensemble managers notify students of the days/weeks when called to rehearsal/performance.

Performance Lessons

Lessons run for 14 weeks plus one additional week of jury examinations. Credit varies according to the level of the student.

Freshmen and sophomores receive 3 credits for one 60-minute lesson plus 11 hours per week of practice for 14 weeks (approximately 168 hours per semester).

Juniors and seniors receive 4 credits for one 60-minute lesson plus 14 hours per week of practice for 14 weeks (approximately 210 hours).

Masters’ students receive 5 credits for one 60-minute lesson plus 16-17 hours per week of practice for 14 weeks (approximately 245 hours per semester).
Professional Studies and Doctoral students receive 6 credits for one 60 minute lesson plus 18-20 hours per week of practice for 14 weeks (approximately 280 hours per semester).

Artist Diploma students receive 8 credits for one 60 minute lesson plus approximately 24 hours per week of practice for 14 weeks (approximately 350 hours per semester).

**Independent study (IS1999)**

Credits are granted on a case-by-case basis, established as a standard at the time the independent study is approved. Typically, independent studies involve 5 individual meetings with a faculty member and approximately 40-50 hours of independent work per credit.

Once a year, the Curriculum Committee in collaboration with the Provost and Registrar’s offices, review the assignment of credit hours to ensure consistency.

**Credit Limit**

Full-time students are defined as those enrolled for 12 to 18 credits. Matriculated students are those working towards a degree or diploma. The School does not permit students to register for part-time status (less than 12 credits). Exceptions to this policy are made for students completing their last semester of undergraduate study, and otherwise on a case-by-case basis. Applications for part-time status are available in the Registrar’s Office.

**Undergraduate Status**

Undergraduate status is determined by the number of credits successfully completed or transferred:

<table>
<thead>
<tr>
<th>CREDITS</th>
<th>STATUS</th>
</tr>
</thead>
<tbody>
<tr>
<td>1–30</td>
<td>freshman</td>
</tr>
<tr>
<td>31–61</td>

</tr>
<tr>
<td>94+</td>
<td>senior</td>
</tr>
<tr>
<td>120–131</td>
<td>(Varies by program) minimum for graduation</td>
</tr>
</tbody>
</table>

**Major Teacher Change**

Teacher assignments are made with great care and consideration for each student. Before considering a teacher change, students should speak with either the Division Dean or Dean of Academic Affairs. Students may initiate the request as early as the preceding semester and must submit the required online form no later than end of the add/drop period of the term in which the change is to take place.

Changes must be requested before the end of the Add/Drop period, and will only be accepted through completion of the online form. Information may be obtained by emailing provost@msmnyc.edu. After a student changes teachers, the former teacher is excluded from grading the student at subsequent juries and auditions. In general, teacher assignments are subject to change based on teacher availability.

**Split Teacher**

Students should review their departmental handbook for specific limitations and/or timeframes when a split lesson may be requested. Before students are eligible to submit a split teacher request, they must first receive approval from the following:

1. Current Teacher
2. Request Teacher
3. Department Chair/Division Dean

Once all the required permissions are received, the student can request the official form by contacting their Division Dean. A request form will be sent to the student, the student’s current teacher, requested teacher, Department Chair, and the Provost for signatures (in that order). Once all required signatures are received, a copy of the completed form will be emailed to all signatories. The Registrar’s Office will also receive a copy to place in the student’s file. Split lessons must be requested before the end of the Add/Drop period, and will only be accepted through completion of the online form. Information may be obtained by emailing provost@msmnyc.edu. Please note: Split lessons are intended for a finite period of time. As such, requests are only approved for a single semester or a single academic year. New
requests must be submitted for a continuation of the split. Splits are ONLY approved for lessons within the student’s major. Students who wish to study outside their major area can request non-major lessons, please see instructions for a non-major lesson request below.

Program Change
Students who wish to change their course of study from one discipline to another must re-audition. Audition dates and information on requirements of a new program of study may be obtained from the Office of Admission. Information regarding the transfer of credits from one program to another may be obtained from the Office of the Registrar.

Placement Exams and Prerequisite Courses
All new classical, jazz and orchestral performance students are required to take placement exams in Theory, Aural Skills, Music History, Sight-Reading (Piano majors only), Keyboard Skills (non-Piano majors only), and Fretboard Harmony (Classical Guitar majors only). All new Musical Theatre students are required to take placement exams in Music Theory. These exams take place during the summer before the fall semester begins.

Students are required to complete all prerequisite courses successfully before registering for classes prescribed in their course sequence plans. Prerequisite courses become part of a student’s degree or diploma program. They may not be used to fulfill requirements (with the exception of TH2883). The length of a degree or diploma program may be extended for students who are required to take prerequisite courses.

Qualifying Examinations
A student may complete a qualifying exam to determine and demonstrate their proficiency in some subject matters. Qualifying examinations are offered in Theory, Aural Skills, Keyboard Skills (Piano, Organ, and Collaborative Piano majors only), Music History, Required Piano (non-keyboard and non-guitar majors only), Jazz Required Piano (non-keyboard majors only), Fretboard Harmony (Classical Guitar majors only). Applications for these examinations are available in the Office of the Registrar. A fee is charged for Theory, Aural Skills, Required Piano, Jazz Required Piano, and Keyboard Skills examinations. Students will be allowed to take a qualifying examination for a particular course twice. Additionally, students may only qualify in courses one level at a time. Notices of Qualification must be approved and submitted to the Registrar’s Office by the appropriate Academic Division Dean before the end of the Add/Drop period.

Schedule Changes/ADD/DROP Period/Course Withdrawals
Students may request changes in their schedules only during the Add/Drop and Withdrawal Periods listed in the Academic Calendar. No schedule changes are possible after the conclusion of the Add/Drop and Withdrawal Periods, unless approved in writing by the Dean of Academic Affairs. No schedule change is considered official until it is processed by the Office of the Registrar.

**Add:** Elective courses may be added by using the registration portal during the Add/Drop period. To add courses not available in the registration portal, please email registrar@msmnyc.edu. Note: A General Petition-Academic Related Form may be required. All submitted forms are subject to review and approval.

**Drop:** Elective courses may be dropped by using the registration portal during the Add/Drop period. To drop courses not available in the registration portal, please email registrar@msmnyc.edu. Note: A General Petition-Academic Related Form may be required. All submitted forms are subject to review and approval.

Failure to file the appropriate form will result in the student’s continued enrollment in the course. Continued enrollment without attendance will result in an automatic failing grade (F) on the student’s academic record.

**Course withdrawals:** Students may withdraw from a course after the Add/Drop period by filing a General Petition- Academic Related Form with the Office
of the Registrar. An approved Withdrawal results in a grade of W being applied to the course. See Academic calendar for deadline. While the grade of W does not affect the student’s grade point average, it does prevent the student from Dean's List eligibility, and the course remains on their record, with the student remaining responsible for the credit associated with the course.

Transfer students may have less eligibility for withdrawing from classes to remain on track to degree requirements. International students must remain enrolled full-time at no less than 12 credits.

Failure to file a petition constitutes continued enrollment in the course, and the student is subject to the requirements and responsibilities of the course. Failure to Withdraw or complete the requirements will result in a failing grade. Deadlines and regulations concerning dropped and withdrawn courses will apply.

Elective credits: Elective credits are those credits not distinctly specified in a particular major’s curriculum. Electives are either general or department-specific. Students are allowed to take courses in other departments as General Electives, as long as there is space available in the course for non-majors and they meet the pre-requisites. Students are not permitted to take major lessons in order to fulfill elective credit requirements.

Lessons

Full-time lessons are scheduled for fourteen (14) one-hour sessions per semester. Undergraduate students are required to take at least eight (8) semesters of full-time lessons, Master’s and Professional Performance Diploma students, and doctoral students are required to take at least four (4) semesters, and professional studies and artist diploma students are required to take two (2) semesters.

The number of semesters of full-time major lessons required of transfer students is determined at the time of acceptance into the school and is dependent upon the performance level at the audition.

Students who have completed their major lesson requirement but have not performed their PN0500/2200 Concerto requirement (Piano majors only), Graduation Jury and/or Recital(s), are required to register for half-time lessons in order to prepare for the requirement. Half-time lessons are seven (7) sessions at three (3) credits for graduate students and two (2) credits for undergraduate students.

Non-Major Lessons

NML2000 Undergraduate Non-Major Half-time Lessons
1 hour weekly for 7 weeks/1 credit

NML4000 Undergraduate Non-Major Full-time Lessons
1 hour weekly for 14 weeks/2 credits

NML3000 Graduate Non-Major Half-time Lessons
1 hour weekly for 7 weeks/2 credits

NML6000 Graduate Non-Major Full-time Lessons
1 hour weekly for 14 weeks/3 credits

Students seeking to take additional lessons outside of their major/department, can request Non-Major Lessons (secondary lessons) for a fee. Full time non-major lessons are 14 one-hour lessons in a semester for an additional $4000. Half time non-major lessons are 7 one-hour lessons in a semester for an additional $2000. A student must first receive approval from the requested teacher and their division dean. Then the student can email their intent to provost@msmnyc.edu. Once approved, the official form will be sent to the student, requested teacher, division dean, and the Dean of Academic Affairs for signatures (in that order).

Once all required signatures are received, a copy of the form will be generated and emailed to all the signatories. The Registrar’s Office will also receive a copy to place in the student’s file and Student Accounts will process the required fee.
Schedule of Classes
Class times are published in the schedule of course offerings available at registration, with periodic updates. Under-enrolled courses are subject to cancellation at any time during the first two weeks of classes.

Barnard College Cross-Registration Program
A special program of cross-registration between Manhattan School of Music and Barnard College allows qualified MSM Juniors and Seniors to have access to the greater variety of academic courses taught at Barnard. Students must be in good academic standing with a cumulative MSM grade point average of at least 3.0. Registration for appropriate Barnard courses must be approved by both the MSM and Barnard Offices of the Registrar. A surcharge of $110 per credit for a Barnard course will be assessed by the MSM Office of Student Accounts. A Barnard course may not be taken as pass/fail, and is subject to Manhattan School of Music's add/drop/withdrawal schedule.

Auditing
All requests to audit must be submitted and approved by the Registrar. Approval of the instructor and course's department chair and/or division dean is required.

STUDENT EXCHANGE PROGRAMS
MSM students are eligible to apply for exchange programs with MSM partner schools. Applicants for exchange programs should be current MSM sophomores, and exchange programs may be one semester or one year. Since requirements and length of study vary from one school to the next, please request information for specific programs from the Director of International Student Services. Applicants must be in good standing at MSM:

- Not on probation or warning
- Zero account balance prior to leaving for the exchange program

Applicants must be on track to successfully complete core requirements (Freshman and Sophomore required courses) at MSM prior to leaving for the exchange program. Core requirements vary by major/degree and may include the following: Music Theory, Aural Skills, Music History, Humanities, Required Piano, Keyboard Skills. Applicants must be able to complete required coursework and performance requirements at the exchange institution as determined by the Exchange Program Committee. Students may only be eligible for one semester of foreign exchange study depending on

Students may petition to audit a course for no credit if space is available in the class. Courses that are full will not be approved for auditing.

Outside auditors are not permitted. Only enrolled MSM students may audit MSM courses.

Students may audit one course for free per academic year. A fee of $500 is charged for each additional course audited in an academic year.

Courses taken as “Audit” are subject to the same add/drop/withdrawal deadlines as regular courses.

Please see Academic Calendar for deadlines.

No grades are given; an AU is indicated for auditing. Students auditing courses are there for observation only and cannot participate in assignments, tests, or exams.

Students may not audit a course required for degree requirements. All audits must be officially processed through the Office of the Registrar.

Independent Study (IS1999)
Independent Study provides the student with an opportunity to engage in exceptional research projects. Independent Study Forms are available in the Office of the Registrar. Such requests will be reviewed for approval by the Registrar and the Dean of Academic Affairs. A student may take no more than one Independent Study during his or her residency in any program of study.
their department’s curricular requirements and the performance needs of MSM in any given term or year. MSM currently has international exchange programs with the following schools: Royal College of Music (London); Royal Conservatoire of Scotland*; Conservatoire de Paris, Royal Danish Academy of Music (Copenhagen); Norwegian Academy of Music (Oslo); Sibelius Academy of Music (Helsinki, Finland); Musikhochschule (Stuttgart); Conservatorium van Amsterdam; Sydney Conservatorium.

*Musical Theatre students are only permitted to study abroad at the Royal Conservatoire of Scotland.

Students pay tuition, health insurance (if not covered by the partner school), and all required student fees at Manhattan School of Music. Students are responsible for all living, travel and personal expenses. Manhattan School of Music students are eligible to continue to receive their financial aid during their study abroad.

To be considered for eligibility for a student exchange program, a Manhattan School of Music student must make a formal application. Applications and information about deadlines and procedures are available from the Director of International Student Services. To qualify for exchange programs, students must:

- Have a minimum G.P.A. of 3.0
- Have good standing academically and financially
- Have received a minimum grade of A-on the most recent jury
- Have an academic advisement meeting with the Registrar to plan and confirm a course of study

Application materials will be reviewed by members of the Exchange Program Committee and candidates will then be selected. The materials of the MSM students who are selected will then be submitted to the partner schools, which will make the final determination of the candidate’s acceptance.

ACADEMIC REGULATIONS

Academic and Artistic Honesty

All students have an obligation to behave honorably and to respect the highest ethical standards in carrying out their academic and artistic assignments, henceforth known as academic dishonesty. Academic dishonesty is defined to include any form of cheating and/or plagiarism. The use of tools such as generative AI are not allowed, unless the instructor explicitly permits it within the assignment instructions or in advance of the work being submitted for assessment. Instructors who allow the use of such a tool will provide clear instructions that define appropriate use and engagement with any technology-based tool. Disciplinary sanctions, including lowered or failing grade, probation, or dismissal, may be administered in cases involving academic dishonesty or falsification of academic information. All allegations of academic dishonesty will be referred to the Dean of Academic Affairs. In clear-cut cases, such as documented plagiarism, the Dean may offer a summary judgment, which will include sanction or mediation designed to bring the matter to a conclusion. In a case that has received summary judgment, the student may appeal the decision to the Dean’s Council. Also, the Dean of Academic Affairs may elect to bring the case directly to the Dean’s Council. The Council consists of three faculty members, who, along with the Dean of Academic Affairs and the Dean of Students, will conduct a hearing and render an opinion. The decision of the Dean's Council will be final.

Satisfactory Academic Progress

All students are expected to maintain good academic progress throughout their degree studies. Good academic standing includes a grade of at least B-in their major subject, performance ensembles, and required ESL courses and grades of C or better in all other subjects. If a student fails to meet the
requirements for good standing, his or her record will be brought under review by the Committee on Academic Progress.

*Please also see Classwork Grading and Major lesson/Jury Examination Grading policies.*

**Probation**

All students are expected to make good academic progress throughout their degree studies, and to advance artistically in their professional musical training. The Committee on Academic Progress reviews all student records at the end of each semester, and will identify students who fall below MSM’s academic or artistic standards (defined below). The Committee has latitude to judge the efforts and progress of each student, comparing grades earned from one semester to the next, taking into account special circumstances, and investigating issues with particular instructors. When deemed necessary, the Committee can recommend academic warning, probation, continuing or final probation, or dismissal. The Committee may also recommend or require tutoring or counseling. For courses that are part of an MSM student’s professional training, including lessons, ensembles and performance courses, students must maintain a grade point average (GPA) of at least 3.0. Any student who receives a grade of C or lower in any semester of lessons or ensemble will automatically be placed on probation. For all non-performance academic courses, including humanities courses and classroom courses in music, students must maintain a GPA above 2.0.

In addition to overall GPA, repeated failure or grades of W in required courses may be grounds for probation. Students with grades or GPAs far below MSM’s standards, as well as students who have been on continuing or final probation, may be subject to dismissal.

*Please also see Classwork Grading and Major lesson/Jury Examination Grading policies.*

**Dismissal**

Grounds for dismissal include unsatisfactory academic and/or artistic progress; any form of cheating and/or plagiarism or falsification of academic information; a failing grade in major lessons, jury examinations and/or performance ensembles; and violation of the *Code of Conduct* and/or official School policies. Students dismissed at the conclusion of any semester are typically ineligible to attend the School for two consecutive semesters. Information regarding reapplication to the School and auditions is available from the Office of Admission. The School retains the right to dismiss any student whose continued attendance or behavior is considered detrimental to the interest of their fellow students or of the School.

**Attendance**

Regular and punctual attendance is required at all lessons, classes, and rehearsals. Faculty set the specific attendance policies for their courses, and publish these policies in the course syllabus or handbook. Any exceptions, such as excused absences for reasons of illness or other compelling emergencies, may be considered and granted at the discretion of the individual faculty member. Absences due to illness must be reported by the student to the Office of Student Engagement, and should be accompanied by documentation from a physician or the MSM Campus Health Nurse. In cases of serious illness the Dean of Students will communicate with all the teachers of an individual student in order to make sure that faculty are aware of the student’s situation.

Absence affects learning and performance. Faculty may refer to the Dean of Students or Division Dean and/or Chair of the student’s respective department, any student who misses lessons, classes, and rehearsals for reasons that the teacher considers insufficient. Students with excessive or unexcused absences from lessons, classes, or rehearsals may receive a lowered or failing grade. Even in cases where absences are excused, it may be necessary for a student to withdraw from a course because of excessive absence.
Private lessons constitute the core performance study for every student. If a student needs to cancel a studio lesson for any reason, the student should immediately inform the studio teacher. In cases of documented illness or other emergency, in accordance with the faculty member’s cancellation policy, the teacher will attempt to make up missed lessons at a mutually convenient time. The studio teacher is not obligated to adjust lesson times or make up lessons that were canceled for non-illness, non-emergency reasons. Faculty must refer to the Office of the Provost and the Dean of Students any student who has two or more unexcused absences in his or her private lessons.

No student may be absent from the school for professional engagements unless permission for such absence is granted by the Office of the Provost well in advance of all such engagements. Students who wish to pursue a professional opportunity over several days must apply for a Limited Leave of Absence. Please see Limited Leave of Absence.

Religious and Civic Holidays

Manhattan School of Music is sensitive to the needs of students who wish to observe religious or civic holidays during the academic year. To accommodate the planning needs of studio teachers, classroom teachers, and ensemble directors, as well as to fulfill the educational and artistic requirements of the semester’s work, students who anticipate being absent for religious or civic holidays must inform their teachers and ensemble directors in writing by emailing faculty directly and copying the Dean of Students. If students follow the preceding policy and understand that they are responsible for classroom work and ensemble obligations missed, absence for religious or civic holidays will be excused. Students who do not inform their teachers and ensemble directors of the absence in a timely manner will not be excused.

Dean’s List

Qualified Bachelor level students who meet certain academic standards are named to the Dean’s List each semester. These standards include: a grade point average of 3.9 or better, twelve or more credits of graded courses (other than P or Q grades), and no failing grades for the semester.

Final Examinations

Final examinations are held during the 14th week of the fall and 15th week of the spring semester, respectively. Students who fail to take a required class examination may petition for an incomplete grade if all other work for the course has been satisfactory. All Incomplete grades are reviewed by the instructor of the course and the Dean of Academic Affairs. Incomplete grades will convert to failing grades by the Registrar if the final grade is not received by the end of the following semester. Please see Incomplete Grades.
Juries and Recitals

Every enrolled student is required to take an annual Jury Examination, typically held in May. Students should be aware that the number of juries listed in the Department Major grids is the minimum needed to graduate. Some students may be required to take additional juries as a result of teacher requests, scholarship continuation, or the extension of the normal length of the degree program as the result of illness, leaves-of-absence, or other extraordinary circumstances. Students who are off-sequence as the result of being admitted in January or having taken a semester Leave of Absence take juries in December. There is a Sophomore Continuation Jury to ensure that a student’s progress merits continuation in his or her program of study. The Office of the Registrar will email jury comments two weeks after the end of the examination week.

A student who is absent from the Jury Examination without prior approval will receive a failing grade and automatically be dismissed. A jury may be postponed only for documented medical reasons and must be requested by submitting a General Petition Form to the Registrar’s Office. This form must be signed by the Department Chair, Registrar, and Dean of Academic Affairs.

A Graduation Recital and/or Jury, if required, must take place within the final thirty credits required to complete a degree and once the student has less than two semesters of major lessons remaining. Students must apply to the Scheduling Office for a recital date. The recital program must be approved by the major teacher and the department chair. A copy of the recital program must be submitted to the Academic Division Dean before graduation. All Graduation Juries are scheduled through the Office of the Registrar.

Doctoral candidates should refer to the appropriate course sequence plan for performance requirements. Students must be registered through the School for major lessons until completion of the Graduation Performance requirement. Students who wish to participate in Commencement must fulfill all performance and academic requirements prior to the date of Commencement.

No Jury Examination (annual, advanced standing, or graduation) may be used as an audition to another program of study.

Advanced Standing Examinations

In rare cases, undergraduate students may accelerate their program in performance by means of an Advanced Standing jury. A successful Advanced Standing jury will allow a student to graduate early, provided all other academic requirements are also met early.

Advanced standing can only be granted for one semester. To start the process, the student submits a petition for advanced standing to the Registrar’s office.

This petition must indicate the approval of both the major teacher and the department chair, and must be turned in no later than March 1 of the academic year in which the advanced standing jury is to take place. Please note that some departments may have earlier deadlines for application. In order to apply for an Advanced Standing jury, a student must:

- be an undergraduate junior
- have a cumulative GPA of 3.7 or higher
- have received a grade of A- or received a lesson grade of A over the last year and no lesson grade lower than A- in all major lessons
- have received a grade of 8.5 or higher in all previous juries
- be on track to complete all academic requirements by the time of the proposed graduation

Advanced standing juries may be taken only once, and the results of the jury are final. Graduate students are not eligible for advanced standing.
Petitions
Students who wish to submit a petition related to an academic matter, including topics not covered in the current catalog, yet pertains to study at the School, must fill out a General Petition available on the student portal or Office of the Registrar.

Transcripts
The Office of the Registrar retains the original copy of each student’s academic record. Transcripts for currently enrolled students are issued without charge in support of applications to new programs at Manhattan School of Music.

LEAVES AND WITHDRAWALS
Please be advised that leaves and withdrawals may affect immigration status and/or financial aid. Students should consult with the International Student Services Office and/or the Financial Aid Office as part of the Leaves/Withdrawal process.

Leave of Absence
A Leave of Absence may be for one or two consecutive semesters. Students are limited to two semesters leave per enrolled degree which may be taken consecutively or non-consecutively. Students wishing to take more than two semesters of leave must reapply and reaudition. Students wishing to take a Leave of Absence should email the Dean of Students to initiate the process. The Registrar will determine the effective date of the leave. A Leave of Absence with effective dates prior to the end of the Add/Drop period will result in the student being dropped from all course work. A Leave of Absence with an effective date after the end of Add/Drop, and before or by the deadline to withdraw with a grade of W, will result in all courses on the student’s transcript for that term assigned grades of “W” to indicate a withdrawal from those courses. A Leave of Absence after the deadline to withdraw with a grade of W will result in coursework being assigned a grade of F. Students taking a Leave of Absence requesting an Incomplete (I) in any class are required to complete the missing work during their first semester of return from leave. It is the responsibility of the student to notify the Office of the Registrar in writing when they intend to return from leave.

All undergraduate (BM) programs, MM Voice, MM Jazz, and MM Contemporary Performance must take a two-semester Leave of Absence due to the sequential nature of coursework.

Scholarship awards are not affected by a Leave of Absence and carry over into the semester the student returns from leave. At the conclusion of a student’s first semester following a leave, their artistic and academic progress will be subject to review consistent with MSM’s current policies and procedures which apply to all students.

International students on student visas requesting a Leave of Absence should note that they are required to leave the country within fifteen (15) days of the “effective date.”

Withdrawal
Students not wishing to return or do not wish to remain enrolled for a given term should formally withdraw by emailing the Dean of Students. Withdrawn students are required to apply to the School for readmission if they wish to return. Information regarding reapplication to the School and auditions are available from the Office of Admissions.
Students who completely withdraw from the School with an effective date during the Add/Drop period will result in the student being dropped from all coursework. Effective dates after the end of Add/Drop, and before or by the deadline to withdraw with a grade of W, will result in all courses on the student’s transcript for that term assigned grades of “W” to indicate withdrawal from those courses. A withdrawal after the deadline to withdraw with a grade of W will result in coursework being assigned a grade of F. Students who withdraw from the School do not have the option of requesting an Incomplete (I) in any classes.

For information regarding the financial implications of taking a leave of absence or withdrawing from the School, see Refunds in Tuition and Fees section.

Medical Leave of Absence

Manhattan School of Music is concerned about its students’ health and well-being, and believes that students should receive appropriate physical or mental health care when necessary. A student experiencing a physical or psychological condition that significantly impairs their ability to function successfully or safely as a student may decide that a period of time away from MSM for treatment or recovery helps to restore functioning to a level that will enable the student to return and perform successfully academically and within the campus community.

Students may request a medical leave of absence during a semester in which they are currently enrolled, or they may request the medical leave to begin prior to the start of the upcoming term. In the event that a student starts a medical leave of absence during a semester and after the conclusion of add/drop, and if the leave lasts longer than two weeks, all courses on the student’s transcript for that term will be assigned grade of “W” to indicate a withdrawal from those courses. Students who require a limited medical leave of absence of two weeks or less will be excused from classes during that period but will remain enrolled and be responsible for all missed coursework, exams, and juries, and responsible for all fees associated with the semester.

It is expected that a student on a medical leave of absence from MSM will use the leave for treatment and recovery. The School has established criteria regarding the student’s eligibility for returning to the campus community. These criteria include, but are not limited to, evidence that the condition which precipitated the medical leave of absence has been treated and has improved such that it will no longer adversely affect the student’s ability to participate as a student at MSM. Compliance with the treatment expectations is primary in the School’s decision to approve the return of the student to MSM.

Students considering a medical leave are strongly encouraged to meet with a member of Student Affairs staff (Dean of Students, Counselor, Campus Health Nurse, etc.) to discuss their challenges and determine whether a leave is the best fit for their needs.

When a student decides to take a medical leave of absence, they must obtain medical documentation from a physician or other appropriate health provider, and submit it to the Dean of Students for approval. Students may take a medical leave of absence for up to two semesters.

Limited Leave of Absence

A Limited Leave of Absence may be requested for professional engagements or sudden family or personal situations through the Office of the Provost. A limited leave of absence generally is not granted for a period more than two weeks per semester. The leave must be preapproved by the Dean of Academic Affairs and the Academic Division Dean at least four weeks in advance of the requested limited leave unless opportunities or situations are truly unforeseen. International students also require the preapproval of the International Student Services. Students who receive pre-approval must then obtain approval from each of the student’s instructors and submit the Limited Leave of Absence Request Form to the Office of the Provost for final approval. The student remains registered for the semester and is responsible for all missed coursework, exams, and juries, and for all fees associated with that semester.
Involuntary Leave of Absence Policy

Manhattan School of Music cares deeply about the health, well-being, and overall success of all members of the MSM community. There are circumstances in which the School may need to remove a student to preserve the health and safety of the student or the community, as described in the policy below.

When a student’s behavior presents a direct threat to the health or safety of the student or others, and supportive interventions to help the student modify the behavior while remaining in school have been unsuccessful, MSM may place a student on involuntary leave. This process is separate and distinct from the disciplinary process associated with violations of the Student Code of Conduct. Unless they are sanctioned separately through the disciplinary process, students on involuntary leave will not be considered to have a student conduct record. However, it is important to note that being placed on involuntary leave (or taking voluntary leave) does not insulate students from disciplinary action if they have violated the Code of Conduct, though the impact of their health concerns on the behavior leading to the violation may be taken into consideration when determining sanctions.

**Criteria for Involuntary Leave**

Involuntary Leave should be considered only when one or more of the following criteria are met:

- The student’s behavior poses a direct and imminent threat to their own safety or the safety of others in the campus community; and
- All available resources to support the student in modifying their behavior have been exhausted; or
- The student has communicated through words or behaviors their unwillingness to engage with available supports or to modify the threatening behaviors.
- *Suicidal ideation or behavior, in and of itself, does not constitute grounds for placing a student on involuntary leave unless the above criteria are met.

**Mandated Assessment**

- All members of the MSM community have a role to play in student health. If a faculty or staff member has a concern about a student’s health (mental or physical), they may encourage the student to utilize available support services (the Counseling Center, the Campus Health Nurse) and may also inform the Dean of Students or any other member of the C.A.R.E. team of their concern.

- In instances where there is concern that the health issue being faced by the student significantly impacts their academic or social functioning or has the potential to cause disruption to MSM’s learning community, the Dean of Students in coordination with the C.A.R.E. team may require the student to be evaluated by a campus counselor or nurse to determine whether/with what supports they are able to remain on campus and attending classes (including reasonable accommodations for qualifying disabilities). During the mandated assessment period and the involuntary leave process, the Dean of Students, in consultation with the C.A.R.E. team may impose an interim suspension.

- The evaluating clinician will promptly provide the C.A.R.E. team with their assessment of the student’s functioning and recommendations for supportive services (including the possibility of recommending the student take a medical leave of absence if warranted). The Dean of Students, in consultation with the C.A.R.E. team, will make the determination regarding whether the student may remain on campus or whether to encourage a voluntary leave or pursue an involuntary leave of absence.

**Statement of Expectations**

If it is determined that the student is able to safely remain on campus contingent on their engaging with supportive services (e.g., psychotherapy, substance abuse or eating disorder treatment, regular academic
tutoring, etc.), the Dean will issue a Statement of Expectations (SOE) to the student outlining the expectations for treatment. This may include a requirement that the student and/or their treatment provider(s) provide check-ins to the Dean or another School administrator at regular intervals to track the student’s progress and monitor their continued safety.

- The Dean (or designee) will meet with the student to go over the SOE, which will be signed by both the student and the Dean and reflects the student’s agreement to pursue appropriate supports and their understanding of potential consequences of not following through with the agreement. If the student does not agree to the expectations, they may appeal to the Provost. Such an appeal must include specific information about why the student objects to some or all of the expectations, including supporting evidence if the student believes the assessment is not clinically valid, or the expectations are unduly burdensome. The decision of the Provost will be final.

Emergency Involuntary Leave of Absence

In cases where a student’s behavior poses an immediate threat to their own or others’ safety, the Dean may temporarily place the student on involuntary leave and take actions, in consultation with other relevant parties (e.g., Counseling staff, MSM administrators, C.A.R.E. Team, campus security, law enforcement, etc.) to remove the student from campus in order to ensure safety. In such instances, once the immediate threat has been addressed and the student is able to undergo the process, the policies for involuntary leave outlined above should be followed, including the opportunity for appeal if desired by the student.

Returning from Medical Leave of Absence, Hospitalization or other Disruption of Study: The Re-Entry Process

When a student has been separated from MSM because of a medical or mental health concern, whether through a hospitalization or a longer voluntary or involuntary leave of absence, they must undergo a re-entry process prior to resuming their studies.

The goals of this process are:

- Ensure that students are ready to return to classes and/or School housing after an emergency, crisis, hospitalization, unexplained absence, leave of absence (LOA) or withdrawal (WD);
- Ensure coordination among separate areas and offices associated with the re-entry process;

Involuntary Leave Process

Generally, the process of placing a student on involuntary leave begins with the Dean of Students, in collaboration with the C.A.R.E. team, initiating a Mandated Assessment as described above. If the results of the assessment suggest that the threat of harm to self or other posed by the student’s behavior is sufficiently severe that the student cannot safely remain on campus, the Dean of Students and one of the other members of the Student Affairs Team shall schedule a hearing with the student, to take place no sooner than two business days from the time the student is informed of the hearing.

- If the student is hospitalized or otherwise incapacitated or unavailable for an immediate hearing, the hearing shall take place no sooner than two business days after they become available. At the hearing, the Dean will give the student the opportunity to present any information or evidence they believe contravenes the decision of involuntary leave.

The Dean will then issue a decision within two business days following the hearing. If the student believes the Dean’s decision did not take into account all evidence and contextual factors, they may appeal the decision to the Provost, providing additional evidence in support of their position. The Provost’s decision will be final.
• Give students and families a clear set of expectations and requirements for re-entry; and
• Ensure that MSM is adequately prepared to support students as they return to academics and housing.

Following Hospitalization

• Sometimes a student may be hospitalized relatively briefly and may decide not to take a semester-long leave. In these cases, a student who has been discharged from the hospital and wishes to return to school must still undergo a Mandated Assessment with a Campus Health and Wellness staff member or a clinical psychologist designated by the School to assess their readiness to resume study and determine recommendations and expectations for support/ongoing treatment, as described above. Hospital discharge paperwork, though necessary, is not sufficient documentation to allow the student to return to campus; discharge personnel at the hospital should coordinate with the Dean of Students (or the MSM clinician who hospitalized the student, if applicable) to assure that a Mandated Assessment by MSM staff is conducted promptly following discharge.

Following Medical Leave of Absence

• Students wishing to return to MSM after a medical leave of absence must inform the Dean of Students in writing of their intent by July 15th (for return in the Fall semester) or November 1 (for return in the Spring semester).
• The Dean will then connect students wishing to return from a Medical Leave with either the Campus Health Nurse or MSM’s Chief Psychologist or his/her designee. Students must provide them with documentation from the medical and/or mental health providers from whom they have received treatment while on leave, summarizing the course of treatment and the provider’s assessment of their current level of functioning and readiness to resume study.
• In addition, when indicated and feasible, students may also be required to undergo an assessment with Health and Wellness Staff or a consulting community provider affiliated with MSM, the purpose of which is to assess the student’s ability specifically to meet the rigorous demands of their education at MSM, supplementing the more general assessment of their safety and functioning furnished by their treating provider(s).
• The student will provide this documentation to the Dean of Students, Campus Health Nurse, or MSM’s Counseling Coordinator later than August 1 (Fall) or December 1 (Spring). The Dean will examine this documentation, make a decision regarding the student’s eligibility to return to MSM at that time, and inform the student in writing of their decision within one week of receiving the documentation.
• Until this decision is communicated, the student may not be on campus, attend classes, or participate in any school-related activities. If the Dean does not permit the student to resume, and the student believes this determination has not taken all available evidence into consideration, they may appeal the decision to the Provost, whose decision shall be final.

Transfer Credit Policy/Credit by Examination

Classification of transfer students’ assessed artistic level of study upon admission is based solely on audition performance; the number of semesters at MSM will depend on the results of the placement exams required of all new students and approved transfer of any eligible credits. Students may need to complete more semesters than expected in order to meet all degree requirements. Only transfer credits from other nationally accredited institutions may be accepted into a degree program and are subject to an evaluation of official documents by the Office of the Registrar. Prior coursework is not automatically transferred; students must request to have credits transferred to MSM by submitting both transcript and course descriptions by July 1 for review of any applicable courses being requested. Review of final transcript and transfer credits will occur before the student’s first day of classes, with the result and determination of transfer credits communicated before the student begins their program of study.
MSM will consider the transfer of undergraduate course credit with the grade of C or above in core Humanities, Humanities electives, and other suitable electives as determined by the Office of the Registrar. Credit for core courses – Aural Skills, Keyboard Skills, Required Piano, Music Theory, and Music History – is granted on the basis of placement exams administered before the student’s first semester. A maximum of sixty transfer, examination, or proficiency credits may be applied towards an undergraduate degree.

Graduate students may transfer a maximum of nine graduate credits earned at another accredited institution with a grade of B or above.

No transfer credit will be granted for major lessons and ensembles. Students are assessed for proficiency credit in major lessons based on their audition for admission, which also determines classification of their artistic level of study.

Students accepted into the MSM’s Foreign Exchange Program and completing courses at a partner institution will be evaluated by the Exchange Program Committee. Exceptions to this policy may be granted on a case-by-case basis in consultation with the student’s department chair.

Fulbright Program

The Fulbright Scholars Program, administered by the Council for International Exchange of Scholars (CIES), are awarded to graduate students, graduating seniors, and other candidates of exceptional ability who wish to pursue study abroad. Grants are made to United States citizens and nationals of other countries for a variety of educational activities, primarily advanced research, graduate study, university teaching, and teaching in elementary and secondary schools. Information regarding the Fulbright Program is available from the Provost’s Office.

Major Lesson/Jury Examination Grading

If a student receives a grade between C+ and D- for major lessons or a Jury Examination, the Dean of Academic Affairs, Provost, Department Chairperson, and major teacher will meet to discuss the general quality of applied work. If it is agreed that the grade is not representative of the student’s work, Probation will not result, but the grade will remain on the student’s transcript. If Probation results, it will be for one semester. The student is then re-evaluated through a Re-Jury Examination at the conclusion of the following semester. If the student receives a B- or higher, he or she is taken off Probation; if the grade remains between C+ and D-, Probation continues until the Re-Jury Examination at the conclusion of the following semester. If the quality of work does not improve by that time, the student will be dismissed.

Students who receive a failing grade for major lessons or Jury Examination are immediately dismissed from the School.

Incomplete Grades

Incomplete grades should only be considered under extraordinary circumstances and may be petitioned by the student utilizing the Request for Incomplete Grade Form. The request will be reviewed by the faculty member of the course, the Dean of Academic Affairs, and International Student Services (if applicable). An Incomplete will appear on a student’s permanent transcript indicating late completion of the course. Once the work has been completed and a grade has been issued by the faculty member, the Incomplete will be changed to a permanent letter grade. Students receiving incomplete grades are required to complete all work by the end of the following semester; if the work is not completed, the Incomplete will be changed to an F automatically. Incomplete grades are not available to students taking a leave of absence or withdrawing from a program of study.

Change of Grade

Faculty are responsible for submitting final grades by the published deadline each semester. Faculty may request a change in grade due to a documented clerical error. No grade change may be made based on the reassessment of the quality of a student’s work or completion of additional work. Students who are unable to complete work by the published deadline must, in consultation with the instructor, file a Request for Incomplete Grade Form which is available on the Student portal.

Faculty may submit a Change of Grade form which is available on the Faculty portal. Any grade change request must be submitted before the end of the next semester, regardless of the student’s enrollment status.

Students who wish to appeal a final grade must do so utilizing the Academic Grievance Process before the end of the next semester in which the course was taken, even if they are not presently enrolled at Manhattan School of Music. Once a degree has been conferred, change of grade requests will not be considered.

Classwork Grading

If a student receives a D+ or lower in one class, the student will receive a warning letter from the Dean of Academic Affairs. If a student receives more than one of these grades, the student will be subject to Probation or Dismissal.

Manhattan School of Music Policy Regarding FERPA (The Family Educational Rights and Privacy Act)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They are:

1. The right to inspect and review the student’s educational records within 45 days of the day the School receives a request for access.
   a. Students should submit to the Registrar or other appropriate official, written requests that identify the record(s) they wish to inspect. The School official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the School official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s educational records that the student believes is inaccurate or misleading.
   a. Students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the student, the School will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
   a. One exception that permits disclosure without consent is disclosure to School officials with legitimate educational interest. A School official is a person employed by the institution in an administrative, supervisory, academic, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the School has contracted (such as an attorney, auditor, collection agent, or security guard); a person serving on the Board of Trustees; or, when deemed appropriate a student serving on an official committee, such as a disciplinary or grievance committee, assisting another School official in performing his or her task, or employed as a worker. Legitimate educational interest is defined as the determination of the right of a School of the official to review an educational record in order to fulfill his or her professional responsibility. In addition, the official must be able to demonstrate that the review is directly related to the student’s educational welfare or the safety of the student and/or other members of the School community.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Manhattan School of Music to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 600 Independence Avenue, SW Washington, D.C. 20202-4605

5. Schools may disclose, without consent, directory information including a student’s name, telephone numbers (permanent, primary, and cellular), addresses (including electronic mail), date and place of birth, major, honors, awards, photograph, classification, dates of enrollment, degrees conferred, dates of conferral, graduation, distinctions (including Dean’s List), and the institution attended immediately prior to admission. Students who wish to restrict the release of such information are required to notify the Office of the Registrar in writing within 10 days of the first day of the semester of enrollment.
Student Right to Know Act (Disclosure of Institutional Graduation/Completion Rates)

Manhattan School of Music provides the following information regarding its graduation/completion rates. The information is provided in compliance with the Higher Education Act of 1965, as amended. The rates reflect the graduation/completion status of students who enrolled during the 2016-2017 school year and for whom 150% of the normal time-to-completion has elapsed.

During the fall semester of 2016, 149 first-time, full-time, certificate or degree-seeking Undergraduate students entered Manhattan School of Music. After 6 years (as of August 31, 2022) 79.2% of these students had graduated from the institution or completed their programs.

Questions related to this report should be directed to: the Registrar at (917) 493-4478.

While reviewing this information, please bear in mind:

• The graduation/completion rate is based on 6 years of attendance that equates to 150% of our longest program.

• We have elected not to report our transfer-out rate because the School’s mission does not include providing substantial preparation for students to enroll in other institutions.

• The graduation/completion rate does not include students who left the school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded.

Campus Safety

The Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education in compliance with the Clery Act.

VA Pending Payment Compliance

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

• Prevent nor delay the student’s enrollment;
• Assess a late penalty fee to the student;
• Require the student to secure alternative or additional funding;
• Deny the student access to any resources available to other students who have satisfied their tuition and fee bills to the institution, including but not limited to access to classes, libraries, or other institutional facilities.

However, to qualify for this provision, such students may be required to:

• Produce the Certificate of Eligibility by the first day of class;
• Provide written request to be certified;
• Provide additional information needed to properly certify the enrollment as described in other institutional policies.

ONLINE AND REMOTE LEARNING

Students may take a single online or remote course per semester. A “single online or remote” course is any class that is offered in a completely online environment, with no in-person or on campus meetings.

Manhattan School of Music utilizes the following terminology:

• remote learning is synchronous activity that requires students to log in and participate in class at a specific time each week.
• online learning is asynchronous activity which allows students to view instructional materials each week at any time they choose.
• hybrid learning includes scheduled in-person, on-campus activity which can be partnered with either remote or online learning.

Remote Learning Policy for In-Person Classes

“Remotely” for this policy refers to students utilizing Zoom, Teams, or other technology to attend class remotely and synchronously. Students should not attend in-person classes remotely without having received specific accommodations from Disability Services in advance. However, faculty have discretion to approve a student’s request to attend class remotely on a case-by-case basis, and for no longer than the equivalent of one week’s worth of meetings.

Digital Citizenship Policy

While working in a digital collaborative environment (e.g. Canvas, Zoom, or any video conferencing platform), students are expected to conduct their communications in a professional, courteous, and respectful manner at all times. Inappropriate language or behavior may result in disciplinary action.

Please adhere to the following Digital Learning Classroom Rules and Etiquette (subject to change based on individual professor’s classroom rules):

1. Only students enrolled in the class may attend the Zoom meeting. All guests, including parents and auditors, must have advance permission from the instructor to attend.

2. Please log in to your classroom meeting from a distraction-free environment. If your background is distracting (movement, people passing by, etc.), alert those who may unwittingly be on camera that you are participating in a remote learning class, and consider using a virtual background for privacy.

3. Be appropriately dressed as if you were on campus, in person.

4. Have the necessary materials (paper, pen/pencil, textbook, approved devices) available to take notes.

5. Make sure your full profile name is displayed. You may use your legal or preferred name and pronouns.

6. Make sure your video is on so that your face can be seen and is centered in the screen. Avoid having other people, pets, or items in your video screen that could be distracting and disruptive both to yourself and your colleagues. Please contact your professor in advance if you are unable to use video for the class.

7. Keep your audio on mute until you wish to speak to help limit background noise.

8. During a Zoom class, use the “Raise Hand” feature to speak or to answer a question. You may unmute yourself when the professor calls on you.

9. Keep in mind that the chat box is public and a record of the chat may be kept and archived. Use abbreviations in chats or discussions when appropriate. Faculty may limit or turn off the chat function in their courses.

10. Follow the faculty member’s guidelines to communicate when you need to leave for emergency or bio-breaks.

11. The instructor may record the class for educational and academic purposes. Students may record the class for personal use with permission of the instructor.

UNDERGRADUATE

The undergraduate programs of study at MSM consist of four areas of concentration:
1. Major field of study
2. Coursework in musical subjects
3. Ensemble performance
4. Humanities studies

Bachelor of Music
The Bachelor of Music degree is a four-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation.
In instances where applicants to the undergraduate division already possess a Bachelor’s degree from another school, they may be awarded the MSM Bachelor of Music degree upon fulfilling the specific musical requirements set forth in the curriculum. While MSM generally requires a student to be full-time for the duration of their BM program, a student in the final semester of the program who has completed enough of the requirements may apply to be part-time in that semester.

**Unified Core Curriculum**

During the freshman and sophomore years at MSM, students in the classical division take a sequence of courses especially designed to unify, coordinate, integrate, and interrelate basic studies in music theory (counterpoint, harmony, form, and analysis), music history (an exposition of the evolutions and revolutions of musical style and traditions in Western classical music from c. 1000 until the present), and the humanities (the discipline of the intellect—reading, writing, critical judgment, articulate speech—as well as a chronological survey of Western civilization from the wellsprings of Classic Greece until the present—history, politics, philosophy, art, geography). The core sequence includes seminars in which students actively participate through discussion and writing. The unified core curriculum prepares the undergraduate student to take intense, specialized, elective courses in the junior and senior years.

**Humanities**

The four-year undergraduate program of study in Humanities at MSM is designed to prepare professional musicians for a full life as cultured citizens. All students in the undergraduate degree program are required to take 24 credits (voice students, 18) distributed among Humanities Core and Elective classes.

Students are trained to think and write clearly, to analyze carefully, and to read the basic texts of the cultural tradition. Advanced courses include multicultural interdisciplinary classes which combine music, art, and literature. Transfer students may receive credit for equivalent courses at other institutions.

**Diploma**

The Diploma course is the same as the Bachelor of Music degree minus the Humanities Core and Humanities Elective requirements. The Diploma represents recognition of accomplishment in the field of music, but it does not carry with it the rights and privileges of a college degree. For audition requirements and course sequence plans for undergraduate programs of study in all majors, see Departments by Major.

---

**GRADUATE**

The graduate programs of study at MSM consist of three areas of concentration:

1. Major field of study.
2. Coursework in musical subjects.

**Master of Music**

The Master of Music degree is a two-year curriculum. All students are required to register for major lessons during each semester of their residence at MSM. They must also successfully meet the requirements for their major field of study, related coursework, ensemble participation, jury examinations, and recital in order to qualify for graduation. MSM requires full-time status for all four semesters of the Master’s program.

There will be a “sophomore continuation jury” at the end of the sophomore year to establish that a student’s progress has been sufficient to ensure completion of the program of study. This evaluation will determine whether or not the student may continue in that program. Repertoire will be determined by the teacher.

**Graduation Requirements**

A full-length Graduation Recital in which at least one work must be in a 20th-century style and approximately half of the works must be composed for the particular instrument (nontranscribed).

A Graduation Jury featuring selections from the recital with piano (where applicable) and orchestral repertoire at the discretion of the panel.

All undergraduate Brass majors must perform their Graduation Jury before the departmental faculty in their final year of study.

Special Needs for Auditions

For those whose audition repertoire requires piano accompaniment, it is highly recommended that you provide your own pianist for your audition. If this presents logistical problems, pianists will be available who are experienced with contemporary music collaborations. Please consult with Margaret Kampmeier to arrange for this professional service. If the audition includes works involving electronics, please inform the Office of Admissions of setup and sound-check requirements.

PINCHAS ZUKERMAN PERFORMANCE PROGRAM

The internationally acclaimed violinist and conductor Pinchas Zukerman accepts a limited number of exceptionally gifted violinists and violists as private students at Manhattan School of Music each year. This program, under Mr. Zukerman's supervision, is devoted to the artistic and technical development of these talented students.

Mr. Zukerman works intensively with each student approximately six times per semester for a total of twelve private lessons throughout the academic year. In addition, weekly lessons are taught to the Zukerman class by Patinka Kopec, who has been personally selected by Mr. Zukerman to be his sole teaching associate and the program coordinator.

Applicants from around the world are auditioned either in person or by videotape by Mr. Zukerman and Ms. Kopec. The class includes three to ten students, ranging in age from fourteen years old to the young career instrumentalists as well as the traditional conservatory student.

ENSEMBLE REQUIREMENTS FOR CLASSICAL VOICE MAJORS

Voice majors are required to perform in ensembles throughout their degree programs that help them to practice and develop important musical, interpretive, and language skills.

Graduate

Auditions for Fall Semester casting are held the week prior to the start of classes. The Office of Theatrical Productions will send all students complete information over the summer so they can prepare for their audition. Ensembles and Courses that fulfill the graduate ensemble requirement include: Graduate Opera Theatre—mainstage, chamber, opera in concert, opera workshop, opera scenes, special project, New American Songbook Cabaret; Vocal Chamber Music - classes rotate; and Collaborative Pianists & Singers Seminar.

Undergraduate

In Undergraduate Opera Theatre, juniors and seniors participate in fall semester opera scenes and in one of two staged chamber operas in the spring. Auditions are held during the regular UGOT rehearsal time during the first full week of classes (for fall) and late fall semester (for spring.) Freshmen and sophomore focus on developing essential musical and interpretive skills in vocal performance class concerts and choral ensembles.

Collaborative Pianist & Singer Seminar Classes

Through competitive auditions, voice majors (excluding freshmen) can be selected to participate in one of three Seminar classes taught by collaborative piano faculty that explore operatic and art song literature. Auditions are held only during the fall audition week prior to the start of classes and students are expected to participate for the full academic year.

*** Selected in consultation with advisor
DOCTOR OF MUSICAL ARTS

The program of study leading to the Manhattan School of Music Doctor of Musical Arts degree is offered with majors in Collaborative Piano (with a concentration in either instrumental or vocal music), Brass, Composition, Conducting, Guitar, Jazz, Organ, Piano, Strings, Voice, or Woodwinds. A minimum of 60 credits in approved graduate courses is required. The curriculum is designed to prepare the candidate for a performing career and for teaching at the college level. Students will, therefore, be expected to demonstrate strong academic capabilities in addition to a high level of achievement in performance or composition.

Admission

Requirements for admission to the Doctor of Musical Arts degree program include (1) a Master's degree in music or its equivalent, (2) an application, including all supporting academic records and documents, (3) an audition before the faculty of the applicant's major department, (4) a written examination in music history and theory, (5) an interview with the Doctoral Committee, which includes an English language proficiency assessment if the applicant's native language is not English.

Advisement

Students admitted to the program must consult with Associate Dean for Doctoral Studies, Jeffrey Langford, each semester prior to registration. The Associate Dean for Doctoral Studies, in consultation with the Doctoral Committee, administers all matters of curriculum, document topics, examinations, and applications for graduation. All inquiries, forms, and petitions should be forwarded to the Associate Dean for Doctoral Studies.

Assistantships in the Classical Division

A limited number of assistantships and teaching fellowships are available to doctoral students qualified to assist professors in history and theory courses, to teach Required Piano, to work in the Outreach and Guitar departments, and to assist the Associate Dean for Doctoral Studies with administrative duties. Awards are made on a yearly basis. Recipients may apply to the Director of Doctoral Studies for a one-year renewal of their assistantship.

Awards may not exceed two years.

Degree Requirements

Classical Division

1. Prior to graduation, all students, except Jazz majors, must demonstrate reading knowledge of a foreign language at a level that will enable them, with the use of a dictionary, to translate 500 words of a musicological text in two hours. The choice of language is usually French, German, or Italian, but the student may petition the Doctoral Committee for an examination in another language if that language can be shown to be relevant to the student’s specific research interests.

2. Prior to graduation, the student must pass a comprehensive examination in both history and theory. This includes a six-hour written exam and a one-hour oral exam before the Doctoral Committee. The examination is offered twice a year and may be taken as early as the second year of study. Any student who fails the comprehensive examination or any portion thereof three times will be dismissed from the program.

3. Students must be in residence at the school for a minimum of two years.

4. All coursework and performance requirements must be completed within five years of the date of matriculation. A one-year leave of absence may be taken.

5. After completion of the two years of required coursework, students register for Thesis Research in every semester until graduation. In the fall semester, students will submit a written report on the progress of their thesis.
research; and in the spring semester, they will meet with the Associate Dean for Doctoral Studies for the purpose of making a formal presentation of their work.

6. Students applying to the Collaborative Piano department elect a concentration in either vocal or instrumental accompanying and are expected to audition with repertoire selected accordingly. Students concentrating in vocal accompanying must pass proficiency exams in Italian, French and German diction or satisfy any deficiency by auditing one or more of the following: Italian for Singers (IT2101-2102), French for Singers (FR2101-2102), German for Singers (GR2101-2102).

7. Students may transfer a maximum of nine graduate credits earned at another institution with a grade of A or B; no applied credits (i.e., private lessons) may be transferred.

8. Performance majors are required to give three recitals, one of which is usually chamber music. For Collaborative Piano majors, all three recitals comprise chamber music.

9. Piano and Guitar majors have the additional requirement of performing two solo concertos, while other Classical, instrumental majors must play one concerto and pass a jury examination on excerpts from the orchestral repertoire.

10. Composition majors present a concert of original music written primarily during the period of doctoral study. The student is encouraged to participate as a performer or conductor in at least one work. Composers also take a jury examination in each of their first two years in order to assure the Composition Department that works of sufficient quality and quantity are being produced.

11. Prior to graduation, all students submit a written thesis demonstrating an advanced level of research and writing skills. Further details concerning the thesis requirement may be found in the Doctoral Studies Handbook available from the Associate Dean for Doctoral Studies.

12. Voice majors must previously have taken courses in English, French, Italian, and German diction, or must satisfy any deficiencies by auditing one or more courses listed in paragraph 6 above.

Jazz Arts Division

1. Jazz Arts Advancement majors are required to present:
   - One large ensemble recital (Jazz Chamber Music). Students must conduct and/ or solo in the performance. This performance should be 90-120 minutes in duration inclusive of intermission.
   - One lecture recital on a topic of the student’s choice to be approved by the Dean of the Jazz Arts Program. Duration should be 50 minutes.
   - One research document on a jazz-related topic of the student’s choice. This document must be approved by the Dean of the Jazz Arts Program and should be from 60-80 pages in length. The research document is a flexible requirement. Underlying this project must be evidence of basic research skills and good writing technique. Beyond that, we suggest work on a subject that will be of sufficient practical interest to the music world to offer the opportunity for publication. Common approaches to this project include a historical study of some subject related to the major field or an analytical study of a work or group of works from the repertoire of the student’s instrument or a critical edition of some previously unavailable work(s).

2. The culmination of the doctoral program is the comprehensive exam. It is important to understand that these tests are not a measure of what the student learned in the two years of course work at Manhattan School of Music, but are rather an evaluation of his or her total experience with the history, literature, and theory of music gained over many years of working as a musician. Prior to graduation, the student must pass comprehensive examinations in jazz history/styles/analysis (HSA Exam), theory/analysis (TA Exam), and improvisation (Improv Exam). The HSA Exam and the TA Exam are written exams. The HSA exam
involves listening as well as writing and takes approximately three hours.

3. The TA Exam involves analysis of scores and transcriptions as well as short composition exercises and takes approximately four hours. The Improv Exam is a playing and written examination that will take approximately one hour. In the Improv Exam, students are required to:

- Provide their own accompanying trio and perform at the highest doctoral and professional level.
- Memorize and be fluent in all 60 compositions from years 5 and 6 of the departmental handbook (green book) and be prepared to play any of these compositions for the panel. The panel will select several of these pieces for performance.
- With the exception of the following compositions—Nica’s Dream, Pensativa, Upper Manhattan Medical Group, Moments Notice, Airegin, Chega de Saudade, Stablemates, and In Your Own Sweet Way—know all of the remaining compositions from years 5 and 6 in 12 keys.
- Write and play a line on a given chord progression.
- Sight read and improvise on a composition that will be provided by the panel.

Upon completion of coursework, recitals, research document, and comprehensive exams (in this order), the student must present his or her thesis. The thesis is a 30-minute jazz orchestral work (for studio orchestra) to be performed in a Jazz Philharmonic concert. The student must solo in and/or conduct the work. The work must also be accompanied by extensive program notes.

**CP0422 Undergraduate Form and Analysis 2**  
*2 hrs weekly/2 credits/Spring*

Offered in alternating years  
This course is a continuation of CP0421. This semester we will explore late 20th and early 21st century works, by figures famous and lesser known, in an effort to understand how pitch, rhythm, timbre, dynamics, and articulation interact to create musical structure, and to formulate basic concepts of how formal coherence can be achieved in music. (Offered in alternate years).

**CP1300 Living in Sound**  
*2 hrs weekly/2 credits/Spring*

Offered in alternating years  
Did you know there is no such thing as an ear lid? The fraction of information lost with a blink is not lost on the ear. Current archeoacoustic studies have shown that prehistoric people navigated caves by using sound as sonar. This means our ears have the capacity to distinguish between the different densities of substances, the volumes of spaces and the distances between objects. Indeed, measuring distance is more accurate when understood aurally than visually.

This course explores what information an open ear can give. It looks at the deep listening theories of Pauline Oliveros and the work of sound artists and composers like Murray Schafer, Bernhard Leitner, David Dunn, Christina Kubisch, Alvin Lucier, Hanna Hartman, Paul Panhuysen, Laurie Anderson, Hildegard Westerkamp, David Byrne, J¸rg Frey, Laurie Spiegel, Max Neuhaus, Paul DeMarinis, Peter
Ablinger, David Dunn, John Grznich, Peter Cusack and Mary Jane Leach. The aim of this course is to refine listening within natural and built environments. In addition to weekly assignments that are basically thought experiments, the final assessment involves the creation of a sound installation.

**CP1500 Tuning Systems and Acoustics**  
*2 hrs weekly/2 credits/Spring*  
*Offered in alternating years*

This course will explore the origins and development of tuning systems and acoustics from Ancient Greece to the present and projecting into the future. It is designed to enable students with Western music skills and aesthetics to broaden their understanding and performance skills beyond the 12 notes of the equal tempered scale and the acoustics of traditional concert halls. We will learn the basics of just intonation, historical temperaments, microtonality, and how these tuning systems, along with the acoustical making throughout the ages. We will also learn the fundamental principles of the physics of sound, exploring how the harmonic series, resonance, acoustics, and now technology have provided the foundation for the music of various cultures throughout history.

Techniques and processes for creating and performing music in alternate tunings will be reviewed and discussed, including various methods of microtonal notation and MIDI playback.

The class will include a survey of seminal works by composers working with alternate tunings and acoustical models. Classes will be a mixture of lectures, discussion, class presentations, music demonstrations and guest performances. The course is open to music students with basic knowledge of music theory.

**CP1600 Experimental Indeterminate Music**  
*2 hrs weekly/2 credits/Fall*  
*Offered in alternating years*

This course focuses on the study, interpretation, and composition of text-based scores, graphic scores, and practices of free improvisation, exploring a spectrum of methods used to create music with elements of indeterminacy. It is designed to provide students with the tools and experience to apply these methods to best serve their own creative practices. In each class, we will study and discuss the compositional methods and philosophies of relevant composers as well as learn and perform select works together.

Annea Lockwood, Karlheinz Stockhausen, Carolyn Chen, Sarah Hennies, Cornelius Cardew, Sophia Jernberg, Pamela Z, John Coltrane, and inti figgis-vizueta are just a few of the artists whom we will study or perform. Students will synthesize their score study, performances, and reading assignments into a series of their own compositions that will be performed and discussed in class. The course will culminate with a concert of student compositions.

**CP1720-1730 Electronic Music for Undergraduate Students**  
*2 hrs weekly/2 credits per semester*

An introduction to digital audio and digital signal processing, including Kyma, Pro Tools, and other software, as techniques for composition. The goal of the course is to provide students with the skills and a conceptual foundation for advanced work. Students will have access to the electronic music studio to do creative work to be performed at an end-of-the-term concert.

**CP2171-2172 Analysis & Aesthetics**  
*3 hrs weekly/3 credits per semester*

The fall semester of this course discusses the concept of time and musical architecture (meta-architecture and global architecture). In addition, articles on aesthetics are being read and discussed in reference to current aesthetic topics. The spring
semester of this course discusses the musical architecture (local and organic architecture), as well as musical material, followed by a section on structural listening. In addition, articles on aesthetics are being read and discussed in reference to current aesthetic topics.

**CP2181-2182 Score Reading Seminar**  
*2 hrs weekly/2 credits per semester*

An in-depth study of score-reading for composers, from string quartets to symphonic literature. An adjunct to conducting, it aids the understanding of clefs, transposed instruments and contemporary scores.

**CP2201-2202 Advanced Orchestration**  
*2 hrs weekly/2 credits per semester*

The fall semester of Advanced Orchestration concentrates on the evolution of orchestral music from Joseph Haydn to Gustav Mahler. After discussing the orchestra's origin, its establishment and expansion will be traced based on movements from selected symphonies. The spring semester of Advanced Orchestration on the evolution of orchestral music of the 20th century. After discussing compositions of the first half of the 20th century, a closer look will be taken on recent developments that challenge the very definition the orchestra and of composing for orchestra.

**CP2600-2601 Electronic Music for Graduate Students**  
*2 hrs weekly/2 credits per semester*

The goal of this course is to provide students with the skills and concepts necessary to use electronic instruments and software in composing and performing music. The course includes intensive use of digital audio and signal processing software, including Kyma, Pro Tools, and other programs.

Students will have access to the electronic music studio to do creative work which will be performed in an end-of-the-term concert.

**CP2621-2622 Advanced Electronic Music**  
*2 hrs weekly/2 credits per semester*

Advanced Electronic Music is a full-year course in electronic music. The primary topic is live sound (i.e. how to install and operate a PA system) with the goal of giving students real-life technical tools to produce their own concerts. Topics include the practice and theory behind analog and digital mixing, live sound processing, concert diffusion, spatial audio, sound reinforcement, mixed music techniques, concert recording, and efficient equipment set-up and tear-down. Here, students meet as a group during class time and have to execute eight assignments in addition to a final exam to test their knowledge of the technical aspects of concert planning and setup.

In the last weeks of the fall semester, students are asked to suggest a collaborative musical project for the spring semester, and students are then paired with a 1st-year performer from the Contemporary Performance Program. Though pairing is encouraged and is a fantastic collaborative opportunity, it is not required and students are free to find their own performers.

The spring semester course focuses on students' collaborative projects. There is no focus on any particular device, software, technique, or aesthetic; rather, we focus on the best tools to achieve each student’s creative goals. As such, class time takes the form of group composition classes, where students show their work-in-progress on a weekly basis. As one student discusses their work, the others are invited to ask questions and/or comment on the presented ideas. The final collaborative project should be between 10-15 minutes in duration, and can be either only electronic, or for electronics and live instrumentalists. The composition will be presented in a public concert, entirely run and organized by the students in the class based on the knowledge gained in the fall semester. In addition, students must submit a complete score (if applicable) and technical rider for their composition.

HU0001.NN-HU0004.NN Humanities Core: Non-Native Speakers
3 hrs weekly/3 credits

MSM has a long tradition of looking to support talented international students with their Humanities studies. The four semesters of the Non-Native Humanities Core were born in 1995. The courses were designed and have evolved to bridge the ever-changing linguistic needs of those international students from their first languages to a more advanced mastery of English-language skills.

This bridge is built using content-based, interactive teaching techniques which allows for flexibility in teaching to the writing needs, the reading comprehension needs and the oral/aural needs of students. Close engagement and examination of readings of shorter excerpts from Humanities Core texts through journal writing, group discussions, whole-class discussions, individual presentations engage students interactively with texts. Relevant
films, film clips, works from the fine arts of painting and sculpture, from the performing arts of music, opera, musical theater and dance add another dimension and help form cultural foundations from which to read, understand and address in writing, more easily, the literary works of other cultures. All this leads to open discussion and comparison of similar ideas from all of these sources and helps form a foundation for the work of the literature of these courses. Such rigorous work assists students in developing a sense of linguistic confidence in expressing themselves orally and in approaching complex readings and writing assignments in other courses in the conservatory. The skills and confidence resulting from the NN-Core course work will help international students integrate more fully into the general community at the Manhattan School of Music.

Elective
Prerequisite: completion of the Humanities core (or by approved general Petition).

Only course numbers 1000 and above are available to graduate students.

HU1300 Introduction to Poetry: Poetry’s Music
“Have you felt so proud to get at the meaning of poems?” Walt Whitman asked in his 1855 epic poem Song of Myself. His question continues to resonate nearly two centuries later, and for good reasons. Of all the literary art forms, poetry is the most exacting, and the most baffling. Many of us may feel we can’t “get at the meaning of poems.” This course aims to help us in our understanding of poetry in its varied forms. After all, poetry endures as one of our great art forms that offers readers and writers profound glimpses into the human condition. In this course, we will conduct a sustained study of select poets from different time periods to arrive at a stronger understanding of how poems work to “make meaning.” Along the way, we will make use of the tools of poetic analysis to hear poetry in its varied forms and frequencies: especially in opera, song, and theatre.
Prerequisite: completion of the Humanities core (or by approved general Petition).

Particular attention will be paid in this course to learning how to analyze visual texts through semiotic analysis. How do movies accomplish their aesthetic goals not only through their conventionally “literary” qualities (dialogue, voice-over narration), but also through the entire array of visual/auditory means at their disposal? **JC2732 MT Songwriting**  
*3 hrs weekly/3 credits/Fall semester*

This class will focus on the musical theatre song, a structure invented at the turn of the 20th century to support the burgeoning artform of musical drama. While we will go into some detail about the history of the form—such as how it is one of the U.S.A.’s only cultural inventions, mostly created by oppressed groups like Jewish and Black people—the bulk of this course will be invested in a study the art of writing musical theatre songs both practically and theoretically. By analyzing individual songs, engaging with musical theatre dramaturgy, and reading the books of musicals, students will study different song structures and types, as well as show structure. With an eye toward cultural inclusion, we will study writers from and depicting underrepresented communities in the musical theatre, to discuss how some songwriters, particularly global-majority writers, navigate or shake off normative musical theatre structures. The bulk of this class, though, will revolve around the writing created by the students, who will work in collaboration. Each topic will have a corresponding songwriting assignment, where lyricists will be paired with composers, and vice versa, to try on new collaborators and new collaboration styles, which can be challenging but deeply rewarding. The course will end with a final project where, as a class, composer-lyricist teams will each write one song for a short musical; by the end of a short process, as a class, the students will write an entire new musical! There are many goals for this class, but perhaps the most significant is for students to leave the class with a new long-term composer or lyricist collaborator.

3 hrs weekly/3 credits
(This course is for non-native English speakers only.)
Although the Baroque and Classical musical languages had radically different textures and forms there was a core question that pervaded musical discourse from the 1600s through the 1820s: can music have meaning? Rhetorical music—music that imitates the effects of persuasive oratory and sways listeners’ emotions—offers an answer to this question providing a conceptual throughline for music from the late Renaissance through Beethoven. This course will trace how Humanism contributed to the primacy of vocal music in the Baroque era and how Enlightenment-era composers Mozart and Beethoven challenged the social and political status quo through their music. We will explore how intense emotionality (Affect) or programmatic musical content satisfied 17th and 18th century audience’s demand for music that communicated ideas. We will also examine how Viennese Classical composers transformed the desire that music communicate meaning into phrasing that imitates spoken language. The course is meant to provide insight into the meaning of Baroque and Classical musical language to help students create more informed and vibrant performances of repertoire from these periods.

MT0016 MT Lab (Senior)  
*3 hrs weekly/3 credits*

New Musical Theatre (NMT) Lab is a performance-based course, in which students perform newly-written musical theatre pieces on a weekly basis. While traditional musical theatre education heavily relies on “the canon,” the current professional climate often asks of the performer to workshop and learn completely new material in a rapid timeframe and with little assistance. The goal of this seminar is to help prepare the students for the expectations they will be met with once they embark on their professional journey. This course demands that the students learn and memorize new songs in a prompt manner, while making artistic choices and decisions on their own. Each performance is discussed and
critiqued by myself, and occasionally by a guest artist from the industry. The songs included in the course are handpicked from projects written by the new generation of writers, and have yet to be published or produced. Each student will receive their song 48 hours before the seminar, and will be expected to perform the material at the highest level as demanded in the professional world. The musical sequences grow in length and difficulty throughout the semester, and the course culminates in large ensemble performances.

MT0001-0002-0003 Acting 1, 2 & 3, (Freshman/Sophomore)  
3 hrs weekly/3 credits
Acting 1, 2, and 3 is a progressive system of structured exercises (which leads into scene work) for developing concentration and imagination, stimulating instincts and impulses, in order for the student to be able to create believable, authentic, embodied behavior in relation to the imaginary circumstances they are involved with.

This approach trains the actor to “live truthfully under imaginary circumstances,” to discover personally meaningful points of view with respect to the written, or improvised, word and to express spontaneous human reactions and authentic emotion with the utmost sense of truth.

MT0004 Acting 4, Devised Practice (Sophomore)  
2 hrs weekly/2 credits
This course will be a hands-on dive into the experience of creating a work of Devised Theatre. Each class will begin with a warm-up that will alternate between technical exercises (physical, vocal, etc.) and investigatory (sensory awareness and concentration exercises).
Eventually students will be in charge of leading their own warm-ups. The body of the course will be devoted to the creation of original Devised Theatre group pieces. Devised Theatre is essentially ensemble-work and a major theme of the course will be the techniques of partnering (duos, trios and large groups).

Students will create scenes, songs and movement. Writing will be an essential component of the course. Students will be writing in each class - “Devising” ideas will come out of their timed writing, reflections on the work they are doing in the class and ideas that emerge out of group discussion.

The course will culminate in final group pieces, which will be shown to the class, discussed and evaluated, then worked on again for a second showing.

Devised Theatre techniques are widely in use by noted contemporary Off-Broadway ensembles such as Target Margin Theater, SITI Company, Wooster Group and The Civilians. Many of the theater ensembles featured in New York Public Theater’s “Under the Radar” Festival are Devised Theater companies.

Even commercial Broadway productions use devised theater techniques in the creation of work (i.e., the movement in “The Curious Incident of the Dog in the Night-Time” was created by Frantic Assembly-a Devised Theatre company). Improvisation techniques, team-building skills and the ability to create something from the blank canvas is the foundation of our work in this course. Aspiring musical theater performers versed in the techniques of making Devised Theater will have an advantage in working in professional theater.

MT0500-0501 MT Exploring the Art Form 1 & 2 (Sophomore)  
3 hrs weekly/3 credits
This course is designed to give students a broad understanding of the history of the American musical theatre, starting with a look at the show that is often referred to as the “first” American musical, The Black Crook (1866), plus a plunge into the world of William S. Gilbert and Sir Arthur Sullivan and their ‘Savoy operas.’ The emphasis of this course will be on the texts. We will be reading scripts, listening to music, acting scenes, rehearsing with each other, exploring the connections between then and now, and grappling with what makes this material artistically important and historically significant. Special attention will be paid to “forgotten artists” like lyricist Andy Razaf, vaudeville sensations Bert Williams and George Walker, tap-dancing star Bill ‘Bojangles’ Robinson, Broadway stars Ethel Waters, Paul Robeson, Todd Duncan and Anne Brown, and the writing teams of Flournoy Miller and Aubrey Lyles, as well as Noble Sissle and Eubie Blake. Part One of the course (fall semester) ends with a look at two musicals created by Jerome Robbins, Arthur Laurents, and Stephen Sondheim: West Side Story (1957), with music by Leonard Bernstein, and Gypsy (1959), with music by Jule Styne. In January, Part Two begins with a look at the off-Broadway musical theatre scene in the 1960s, and the course winds up with an examination of three shows: Jonathan Larson’s RENT (1996), which boldly marches into the future, Ragtime (1998), with its majestic summation of the past, and Hamilton, Lin-Manuel Miranda’s revelatory vision of American history, incorporating rap, hip-hop, soul, pop, R&B, traditional musical theatre, and color-conscious casting of non-white actors as historical figures to tell its story.

What is the “I Want” song in A Strange Loop (2019 [Pulitzer Prize]) and how does it relate to traditional “I Want” songs? How does music function in The Band’s Visit (2016) and how does it relate to historic Golden Age musical writing? Proposed musicals include: A Strange Loop (2019), The Band’s Visit (2016), Natasha, Pierre and the Great Comet of 1812 (2016), In The Green (2019), Suffs (2022), Octet (2019), Hadestown (2019) and others. Prerequisite: MT0500 and MT0501

MT1900 MT Bookwriting
3 hours weekly/3 credits per semester
In this course, we’ll delve into the overlooked and misunderstood craft of writing musical theatre books. We’ll go over the fundamentals of musical theatre show structure, how a book writer collaborates with songwriter(s), and the different ways of making a musical. We’ll look at examples of great musical theatre books, both original and adapted, and writing exercises through the semester will culminate in a final project: beginning your own book for a musical.

MT1910 MT Adaptation
3 hours weekly/3 credits per semester
If we talk about the musical theatre, we are mostly talking about adaptation. Original musicals are not unheard of, but they are less common than adaptations. Most musicals are adapted from other artistic works in various media: films, plays, fiction, poetry, nonfiction, and even visual art. In this class, we will study both musical adaptations and their source material, in order to understand how musical theater writers turn one work of art into another, how they maintain the spirit of a source while they create something new. We will approach adaptation broadly and look at all writing, even things deemed “original,” as adapted from something—an image, a feeling, a true story. We will look at what musical theatre writers change, what the keep, what they add, and what they subtract. We will look at both classic, canonical works of musical theatre and at lesser-known shows, some of them by writers from and depicting underrepresented voices in the musical theatre.

With an eye toward cultural inclusion, we will discuss the intersectionality and cultural specificity of various musical theatre subjects and structures, and how these subjects and structures are products of systems; we will discuss how some writers, particularly globalmajority writers, navigate or shake off these structures. We will confront and discuss the paucity of global-majority writers in the musical theatre, especially in shows that are about characters of color and even more especially in shows that are adaptations. We will cover at length the process of
securing underlying rights to source material and how that process involves many gatekeepers; we will discuss how and why the business of all that might have excluded and continue to exclude certain kinds of writers. Throughout the semester, you will try your hand at adaptation through multiple exercises that engage the muscles needed to adapt from one form to another and to do it with originality. The course will culminate in your engagement with a project of your own, adapted from some preexisting source, and we will use an expansive definition of adaptation here. Perhaps you adapt a movie, or perhaps your adaptation takes a more unusual route.

MT2003 Elective Tap

The grace, poise, and inspiration required in moving and acting to music -physically motivating musically dramatic moments and creatively using the introductions, interludes, postludes, and textual repetitions supplied by the composer -are necessities in a professional operatic career.
