

Manhattan School of Music

2024 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Manhattan School of Music ("School") with information on: the School's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the School will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Clery Compliance Coordinator in cooperation with local law enforcement authorities and includes information provided by them as well as by the School's campus security authorities and various other elements of the School. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Bryan Greany, bgreany@msmny.edu, (917) 493-4448. The School is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The School does not have a campus security or police department.

MSM contracts security services through Allied Universal.

Because Manhattan School of Music is located in New York City, it faces concerns similar to those of other institutions located in major cities. The conservatory is located on the Upper West Side, near Sakura Park, Riverside Park, Grant's Tomb, and the Hudson River. As part

of Morningside Heights, Manhattan School of Music has joined with other institutions in the area to form the Morningside Area Alliance. This alliance provides a variety of services, such as mobile patrols of the area around the School. In addition to the alliance, the neighborhood around the School is also served by the 26th precinct of the New York City Police Department.

Campus security staff, contracted through Allied Universal, report incidents directly to the Manhattan School of Music Associate Vice President of Facilities and Campus Safety. Campus security staff is charged with enforcing school policy only. If and when incidents reported include offenses deemed illegal by city, state or federal law, security staff are required to notify the Associate Vice President of Facilities and Campus Safety, who will then make reports to the 26th precinct. The 26th precinct is called if alleged criminal offenses have been reported to Manhattan School of Music staff. Investigations from that point on are conducted by the 26th precinct. Manhattan School of Music staff will comply with requests made by the precinct, to further investigations.

Manhattan School of Music has a Memorandum of Understanding with the New York City Police Department detailing that both institutions will cooperate with the other in the following ways:

- Reporting and investigation of a violent offense as defined by Section 70.02 of the Penal Law
- Reporting and investigation of any Manhattan School of Music resident student reported as missing

Campus Security Authorities

The School has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the School's annual report of crime statistics. The campus security authorities to whom the School would prefer that crimes be reported are listed below.

- Associate Vice President of Facilities and Campus Safety at bgreaney@msmny.edu
- Dean of Students at mchristensen@msmny.edu
- Title IX Coordinator at cmatos@msmny.edu
- Title IX Deputy at hdeblock@msmny.edu
- Director of Residence Life at ajenkins@msmny.edu
- Residence Life Coordinator at mkirchner@msmny.edu
- Assistant Dean for Youth Programs at rkamm@msmny.edu
- Director of Student Engagement at jgoldberg@msmny.edu
- Coordinator of Student Engagement at hysynn@msmny.edu

Reporting a Crime or Emergency

The School encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the School, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged when the victim of a crime elects to, or is unable to, make such a report.

Anyone who is a survivor of, or witness to crime anywhere on property owned by Manhattan School of Music or on any sidewalk adjacent to Manhattan School of Music is encouraged to report the incident in-person or by phone to the security desk in the main building (917-493-4444) or residence hall (917-493-4700) at the earliest possible opportunity.

If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.

Survivors of or witnesses to crime at any other location are encouraged to promptly report any crime in-person or by phone to the security desk in the main building (917-493-4444) or residence hall (917-493-4700), and/or the New York City Police Department promptly by calling 911. The police can help anyone get assistance and prevent others from becoming crime victims. The staff of the Student Affairs Division can also help connect individuals to resources and other sources of assistance in New York City. These staff members include the Dean of Students (917-493-4036), the Director of Student Engagement (917-493-4588) and the Student Engagement Coordinator (917-493-4180), the Director of Residence Life (917-493-4161) and the Residence Life Coordinator (917-493-4035), Campus Health Nurse (917-493-4278) and members of the counseling staff. Campus administrators that receive information about alleged crime and/or policy violations will take appropriate steps to involve the proper authorities.

Students, staff, and visitors should also report situations to one of the campus security authorities listed above, as well as to the Dean of Students (917-493-4036), the Director of Student Engagement (917) 493-4588 , the Student Engagement Coordinator (917-493-4180), the Director of Residence Life (917-493-4161), Residence Life Coordinator (917-493-4035), an RA, and/or the Security staff (917-493-4444/917-493-4700). Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a School staff member will assist in making the report to the police.

Incidents occurring during the summer camp or during Precollege events should be reported to Security, and the Assistant Dean for Youth Programs 917-493-4564). Incidents involving guests in Andersen Hall will be reported to Security, the Associate Vice President of Facilities and Campus Safety, and/or the Director of Residence Life.

Confidential Reporting

The School will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

All MSM employees will treat crime reports as confidentially as possible; however, most personnel are required to report incidents they learn about to the Front Desk Security, Residence Life or the Dean of Students. The exceptions are the Campus Health Nurse and the counseling staff, who are not required to report the name and/or other identifying information

about an alleged victim to the Dean of Students. The School's Campus Health Nurse and counselors are subject to Mandated Reporter requirements under New York State Law regarding abuse or maltreatment of persons under the age of eighteen.

In regard to incidents of sexual misconduct, Manhattan School of Music has specific procedures for reporting alleged violations of School policy, as well as state and federal laws and regulations. Students, staff, and faculty involved in sexual misconduct issues should report the incident to the Title IX Coordinator, Carol Matos at cmatos@msmny.edu. Students, staff and faculty may also use the [Title IX Sex-Based Harassment for Students and Sex Discrimination Report Form](#) to anonymously report a violation of the Title IX/sexual misconduct policy. Students can make confidential reports of sexual misconduct to the Campus Health Nurse and counseling staff.

A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the School's disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the School without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the School take appropriate steps to ensure the future safety of the victim and others. With such information, the School can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the School.

References made to confidentiality refer to the ability of identified confidential resources to not report crimes and violations to law enforcement or college officials without permission, except for extreme circumstances, such as a health and/or safety emergency or child abuse. References made to privacy mean Manhattan School of Music offices and employees who cannot guarantee confidentiality but will maintain privacy to the greatest extent possible, and information disclosed will be relayed only as necessary to investigate and respond. The School will limit the disclosure as much as practicable.

The School encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The School does not have pastoral counselors.

Security of and Access to Campus Facilities

Security staff at the Front Desk of the Main Building and the Front Desk of the Andersen Hall are able to monitor key locations in our campus buildings at all times via the MSM security camera infrastructure. The Associate Vice President of Facilities and Campus Safety regularly communicates and collaborates with Columbia and Barnard Security, whose officers patrol the neighborhood, including the streets which abut Manhattan School of Music at regular intervals.

There is a security desk at the entrance of the School and the Residence Hall. All students, staff, and faculty must show valid School identification cards to enter the School and must show the residence hall access sticker with valid School ID for entry into the residence hall. All guests must sign in and abide by guest policies for each building. Closed-circuit cameras are located at various locations around the campus and are monitored in the Facilities Office

and at security desks. Emergency phones are located at the security desks, and an intercom system is installed in both buildings. Resident Assistants conduct rounds of Andersen Hall in the evening hours.

In the residence hall, students are encouraged to keep their room locked at all times. They must sign in and escort their guests at all times. In both buildings, students are encouraged not to leave valuables unattended. Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others:

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.

Keys to the offices on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring his/her area is secured and locked.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

Security staff work with the Facilities Office to identify maintenance issues on campus that may be safety hazards. Safety checks are completed to identify street or safety lights that are not functioning properly, or to determine if shrubs or other landscaping might need trimming. Maintenance personnel regularly check to ensure there is adequate lighting on the School perimeter and that egress lighting is working in hallways and stairwells.

Security staff regularly scans the two buildings that make up the MSM campus to identify maintenance issues that may become safety hazards. Students and staff are invited to report maintenance issues to the Department through the department's [online work order system](#) or by sending an email to facilities@msmny.edu.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The School seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

Manhattan School of Music works as a community to enhance the awareness and prevention of crime. The staff, faculty, and students are encouraged to work with the Facilities Office to take measures to optimize the safety of each person, their possessions, and the entire Manhattan School of Music community. A multipronged approach is used to enhance safety. Students, staff, and faculty are educated about the best practices to optimize personal safety through email blasts and programming focusing on crime prevention and situational awareness. Students, staff and faculty are encouraged to assume responsibility for being observant, reporting problems to the appropriate staff, and taking responsibility for their own security and the security of others in the Manhattan School of Music community.

Monitoring Off Campus Locations of Recognized Student Organizations

The School does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the School will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the School against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

Manhattan School of Music is committed to maintaining a drug-free school and an environment that is free of alcohol abuse. The School is dedicated to excellence in musical performance and academic achievement; to promote this goal, the School requires that faculty, staff, and students maintain the highest standards of personal and professional conduct. The illegal or abusive use of drugs and alcohol by members of the community adversely affects the quality of campus life and the mission of the institution and is therefore prohibited.

The unlawful manufacture, distribution, dispensing, possession, solicitation, or use of illegal drugs or alcohol is prohibited at all times in the School and in the course of any School- or work-related activity.

Employees and students are prohibited from appearing on School premises or property owned or leased by the institution while visibly and significantly intoxicated or impaired by the use of alcohol or illegal drugs. This prohibition includes, consistent with New York State law, the consumption of alcohol or marijuana by individuals under 21 years of age without a prescription and the knowing distribution of alcohol or marijuana to individuals under 21 years of age. In accordance with the Drug-Free Schools and Communities Act, and with the safety and well-being of members of our community in mind, Manhattan School of Music has established guidelines for dealing with the issues of alcohol and drug use.

Manhattan School of Music expects all staff and faculty members and students to become familiar with the law and School policy and the penalties and risks that can result from violations. The law places major responsibility and liability on both the person who serves and the person who buys the alcohol. Included in these laws are those that govern driving under the influence of alcohol, purchasing alcohol by and for persons under the legal drinking age, and serving alcohol to persons who are either underage or intoxicated. Persons who unlawfully furnish alcoholic beverages or marijuana to students who are not of legal drinking/marijuana possession age shall be in violation of School policy and subject to

disciplinary action and may be liable for personal injuries or property damages resulting from misconduct committed by underage, intoxicated or high students.

Students living in Andersen Residence Hall, their guests, and all who enter the hall must also abide by policies stated in the Residence Life Handbook.

School Definition of Consent

“Consent” means affirmative consent. Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.

- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- When consent is withdrawn or can no longer be given, sexual activity must stop.

Risk Reduction

If you are in an uncomfortable or unwanted sexual situation, consider the following:

- Communicate your boundaries clearly and early. Consent must be ongoing, mutual, and can be withdrawn at any time.
- If you feel unsafe, seek support from friends or bystanders. Don't hesitate to remove yourself from the situation.
- If you need help, ask someone nearby or contact campus safety or a trusted resource.
- Be mindful of your surroundings and reach out for support if you feel uneasy.
- Remember, it is never your fault if someone disrespects your boundaries or violates your consent.

If you are initiating sexual activity, remember these guidelines:

- Respect your partner's boundaries and communicate clearly. Consent must be mutual, enthusiastic, and can be withdrawn at any time.
- If your partner seems unsure, confused, or has mixed signals, pause and have a clear conversation.
- Avoid assuming consent based on past interactions. Each sexual activity requires its own consent.
- Do not engage in sexual activity with someone who is incapacitated due to drugs or alcohol.
- Be aware of and avoid coercion, pressure, or any form of manipulation.

Recognizing Warning Signs of Abusive Behavior:

- Be mindful of behaviors that can indicate abuse, such as controlling actions, threats, or patterns of jealousy. Seek support if you notice these signs in relationships around you.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, here are safe and positive ways individuals can take action to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking:

- **Stay aware of your surroundings** and look out for the safety of friends, peers, and others around you.
- **Recognize the importance of intervention.** Stepping in can make a difference in preventing harm.
- **Treat everyone with respect and dignity.** Avoid escalating situations through hostility or aggression.
- **Be calm, honest, and direct** when you decide to intervene. Clearly express your concern or intention to help.

- **Enlist help from others.** If you're unsure or feel unsafe, ask others to assist in intervening.
- **Keep personal safety a priority.** Only intervene in ways that do not put yourself or others in harm's way.
- **Create a distraction** or use non-confrontational methods to interrupt potentially harmful situations.
- **Call for help when needed.** If a situation escalates or feels dangerous, do not hesitate to contact authorities, such as the police or campus security.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The School also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The Title IX Coordinator is responsible for overseeing the PPAP and OPAC. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. The Title IX Coordinator is assisted in this effort by the Deputy Title IX Coordinator, the Assistant Deputy Title IX Coordinator, the Director of Student Engagement, the Dean of Students, and the Advisory Committee on Campus Security, appointed annually by President Gandre according to the dictates of New York State Law 129A. The frequency and form of training is determined annually by the Title IX Coordinator, the Deputy Title IX Coordinator, the Assistant Deputy Title IX Coordinator, the Director of Student Engagement, the Dean of Students, and the Advisory Committee on Campus Security based on conditions at the School. All students and all personnel in the direct, full-time employ of the School will be fully informed of School policy related to Title IX, Title IX reporting obligations, and the School's grievance procedures, as well as educated in sexual misconduct prevention and bystander intervention. Finally, the Title IX Coordinator ensures that she and all others involved in the investigation and resolution of complaints under Title IX receive annual training on a variety of Title IX related topics in compliance with the law.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are the victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911, or contact the security desk in the main building (917-493-4444), or residence hall (917-493-4700). You may also contact the School's Title IX Coordinator,

Carol Matos, Vice President for Administration and Human Relations at cmatos@msmny.edu or (917) 493-4450.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Mount Sinai St. Luke's Hospital, 1111 Amsterdam Avenue, New York, NY 10025 (212) 523-4000.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Reports of criminal sexual misconduct can also be made by calling the NYPD's sex crimes hotline at (212) 267-RAPE or the Manhattan District Attorney's hotline at (212) 335-9373.

Information about Legal Protection Orders

Victims have the right to seek an order of protection from a court of law. In cases of domestic violence, dating violence, stalking, and sexual assault, victims who choose to seek an order of protection will be assisted in doing so by MSM, usually with the help of a local agency.

- The New York State courts. For instructions regarding filing an Order of Protection in New York State go to: <http://www.nycourts.gov/faq/orderofprotection.shtml>

- Advocacy Support: Columbia University's Sexual Violence Response (SVR) is a remote Temporary Order of Protection (TOP) site in New York State. They can help students obtain online Orders of Protection for cases of intimate partner, dating, domestic, family, or relationship violence. This service minimizes the need for student survivors to visit the courthouse to file temporary petitions.

- Call 212-854-4357 (HELP) to speak with an advocate, available 24/7/365.
- To schedule a virtual or in-person appointment, call 212-854-3500 or email SVResponse@columbia.edu

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The School will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the School will take all reasonable and legal action to implement the order.

The School does not issue legal orders of protection. However, as a matter of institutional policy, the School may impose a no-contact order between individuals in appropriate circumstances. The School may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the School and in the surrounding community. Those services include:

Accommodations and Protective Measures:

The School will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the School is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Complainants, who report allegations that could constitute covered sexual harassment under the Title IX policy, have the right to receive supportive measures from Manhattan School of Music regardless of whether they desire to file a complaint. The Title IX Coordinator, the Deputy Title IX Coordinator, and the Assistant Deputy Title IX Coordinator will work with the complainant and the Dean of Students to determine what measures or accommodations, if any, are desired; the Dean of Students will determine what measures or accommodations can be implemented. As appropriate, supportive measures may include, but are not limited to: counseling, restricting contact between the Complainant and the Respondent, altering class schedules, altering on-campus work schedules, changes in work or housing locations, providing academic support, extensions of deadlines or other course-related adjustments, leaves of absence, and increased security and monitoring of certain areas of the campus. Supportive measures are non-disciplinary and non-punitive.

When determining the reasonableness of such a request, the School may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant

- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The School will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the School's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the School in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the School will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the School's [Title IX Sex Discrimination Policy](#) or, in cases where there is an allegation of sex-based harassment involving a Student Complainant or Student Respondent, through the School's [Title IX Sex-Based Harassment Policy for Students](#).

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Title IX Coordinator, Carol Matos

Office Address: A-427 Andersen Hall

Email Address: cmatos@msmny.edu

Telephone number: (917) 493-4450

Deputy Title IX Coordinator, Hannah Deblock

Office Address: Room 216 in the Main Building

Email Address: hdeblock@msmny.edu

Telephone Number: (917) 493-4401

Assistant Deputy Title IX Coordinator, Jacob Poulos

Office Address: Room 407 in the Main Building

Email Address: jpoulos@msmny.edu

Telephone Number: (917) 493-4114

An electronic form available at [Title IX Sex-Based Harassment for Students and Sex Discrimination Report form](#) can also be used to file a report under either of the policies referenced above.

Pursuant to the School's [Title IX Sex Discrimination Policy](#), once a report made, the Title IX Coordinator will conduct a preliminary assessment to determine whether the conduct falls within the scope of the Policy and may constitute sex discrimination. If so, the Title IX Coordinator will promptly contact the Complainant (if known) to discuss supportive measures, advise about the investigation and adjudication procedures, provide options for filing complaints with law enforcement, and provide campus and community resources.

A Complainant may file a complaint with the Title IX Office. If the complaint is not dismissed, within five (5) business days of receiving the complaint, the Title IX Coordinator will transmit written notice of the complaint to the Complainant and the Respondent. An investigator will then undertake an investigation to gather evidence relevant to the allegations, including inculpatory and exculpatory evidence. The School strives to complete each investigation within thirty (30) to forty-five (45) business days.

After the evidence gathering phase of the investigation, the investigator will prepare a written report that summarizes the investigation and appends to it all permissible evidence that is relevant to the allegations in the Complaint. The investigator will then notify the Title IX Coordinator that the investigation is complete and transmit the investigation report and its appended evidence to the Title IX Coordinator and the parties.

The Title IX Coordinator will then appoint an adjudicator to adjudicate the complaint. The adjudicator will promptly send written notice to the parties of the appointment, setting a deadline to submit a response to the report (which shall not be sooner than seven (7) business days from the date of transmission), and setting a date and time for each party to meet with the adjudicator separately. The adjudicator's meetings with the parties will not be held any earlier than ten (10) business days from the date the investigator transmitted the investigation report to the parties.

After meeting with each party and any witnesses whose credibility is in dispute, the adjudicator will objectively evaluate all relevant evidence and reach a determination regarding whether there has been a violation of policy as alleged in the complaint. If so, prior to issuing a written decision, the adjudicator will consult with the appropriate School official with disciplinary authority over the Respondent, and such official will determine any discipline to be imposed. The adjudicator will also consult with the Title IX Coordinator who will determine whether and to what extent ongoing support measures or other remedies will be provided to the complainant and other persons, as appropriate. The adjudicator will then prepare a written report setting forth the adjudicator's findings, any discipline and supportive measures and other remedies, and the School's process and grounds for appeal. The adjudicator will share the written report with the Title IX Coordinator and the parties. The School strives to issue the adjudicator's written decision within thirty (30) days of the adjudicator's appointment.

A party may appeal a dismissal or a written decision. A party must file an appeal within seven (7) business days of the date they receive notice of the written decision (or dismissal) or, if the other party appeals, within three (3) business days of receiving notice that the other

party appeals, whichever is later. Appeals will be decided by an appellate panel and must be submitted in writing to the Provost. Promptly upon receipt of an appeal, the appellate panel will conduct an initial evaluation to confirm the appeal is timely filed and invokes at least one of the permitted grounds for appeal. If so, the other party may submit a written opposition to the appeal within seven (7) business days. Upon receipt of any opposition, or after the time for submission of an opposition has passed, the appellate panel will promptly convene to decide the appeal and will then simultaneously transmit a written decision to the parties that explains the outcome of the appeal and the rationale. No further review beyond appeal is permitted. The School strives to issue the appellate panel's written decision within twenty-one (21) business days of an appeal being filed.

At any time after the parties are provided written notice of the complaint and before the completion of any appeal, the parties may voluntarily consent, with the Title IX Coordinator's approval, to engage in mediation, facilitated resolution, or other form of dispute resolution, the goal of which is to enter a final resolution resolving the allegations raised in the complaint by agreement of the parties. The specific manner of any informal resolution process will be determined by the parties and the Title IX Coordinator. Prior to commencing the informal resolution process, the Title IX Coordinator will transmit written notice to the parties setting forth the process. After receiving written notice, each party must provide written consent.

If the parties reach a resolution through the informal resolution process, and the Title IX Coordinator agrees that the resolution is not clearly unreasonable, the Title IX Coordinator will reduce the terms of the agreed resolution to writing and present the resolution to the parties for their written signature. Once both parties and the Title IX Coordinator sign the resolution, the resolution is final, and the allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by the School, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or other misconduct or where required to avoid a manifest injustice to either party or to the School.

A party may withdraw their consent to participate in informal resolution at any time before a resolution has been finalized.

Absent extension by the Title IX Coordinator, any informal resolution process must be completed within twenty-one (21) business days. If an informal resolution process does not result in a resolution within twenty-one (21) business days, and absent an extension, abeyance, or other contrary ruling by the Title IX Coordinator, the informal resolution process will be deemed terminated, and the complaint will be resolved pursuant to the investigation and adjudication procedures. The Title IX Coordinator may adjust any time periods or deadlines in the investigation and/or adjudication process that were suspended due to the informal resolution.

If the matter involves a Student Complainant or Student Respondent, and the allegation pertains to sex-based harassment, the School's [Title IX Sex-Based Harassment Policy for Students](#) will be used. Reports may be made in the same way that they are made pursuant to the School's [Title IX Sex Discrimination Policy](#), as outlined above. Once the report is received, the Title IX Coordinator will conduct a preliminary assessment to determine whether the conduct falls within the scope of the Policy and may constitute sex-based harassment. If so, the Title IX Coordinator will promptly contact the Complainant (if known) to discuss supportive measures, advise about the investigation and adjudication procedures,

provide options for filing complaints with law enforcement, and provide campus and community resources.

A Complainant may file a complaint with the Title IX Office. If the complaint is not dismissed, within five (5) business days of receiving the Complaint, the Title IX Coordinator will transmit written notice of the complaint to the Complainant and the Respondent. After written notice is transmitted to the parties, an investigator will undertake an investigation to gather evidence relevant to the allegations, including inculpatory and exculpatory evidence. The School strives to complete each investigation within thirty (30) to forty-five (45) business days.

After gathering the evidence, the investigator will prepare a written investigation report that summarizes the investigation and appends all the permissible evidence that is relevant to the allegations. The investigator (if different from the Title IX Coordinator) will then notify the Title IX Coordinator that the investigation is complete and transmit the investigation report and its appended evidence to the Title IX Coordinator and to the parties and their advisors.

The Title IX Coordinator will then appoint an adjudicator to adjudicate the Complaint at a live hearing. The investigation report and its appended evidence will be transmitted to the adjudicator.

The adjudicator will promptly send written notice to the parties notifying the parties of the adjudicator's appointment, including a copy of the Hearing Procedures, setting a date for a pre-hearing conference, which shall not be sooner than seven (7) business days from the date the investigator transmitted the investigation report; directing the parties to submit a pre-hearing submission at least three (3) business days before the date of the pre-hearing conference; and setting a date for the hearing, which shall be at least three (3) business days after the pre-hearing conference.

If a party does not have an advisor who will accompany the party at the hearing, the party should notify the Title IX Coordinator upon receipt of the written notice so that the School can provide an advisor to attend the Pre-Hearing Conference and conduct questioning.

The adjudicator will conduct a joint or separate pre-hearing conference(s) with the parties and their advisors to discuss the hearing procedures and other matters. After the pre-hearing conference(s), the adjudicator will convene and conduct a hearing, including an opportunity for the parties to address the adjudicator directly and respond to questions. After the hearing is complete, the adjudicator will evaluate all the evidence. If the adjudicator determines that the Respondent is responsible for violating the policy, the adjudicator will, prior to issuing a written decision, consult with an appropriate School official with disciplinary authority over the Respondent and such official will determine any discipline to be imposed. The adjudicator will also, prior to issuing a written decision, consult with the Title IX Coordinator who will determine whether and to what extent ongoing support measures or other remedies will be provided to the Complainant and other persons, as appropriate. The adjudicator will then prepare a written report setting forth the adjudicator's findings, any discipline and supportive measures and other remedies, and the School's process and grounds for appeal. The adjudicator will share the written report with the Title IX Coordinator and the parties. The School strives to issue the adjudicator's written decision within fourteen (14) days of the conclusion of the hearing.

In lieu of the hearing process, the parties may consent to have a complaint resolved by administrative adjudication as a form of informal resolution. Administrative adjudication is voluntary and must be consented to in writing by both parties and approved by the Title IX Coordinator. At any time prior to the issuance of the administrative officer's determination, a party has the right to withdraw from administrative adjudication and request a live hearing.

If administrative adjudication is selected, the Title IX Coordinator will provide the required notice and appoint an administrative officer, who may be the Title IX Coordinator himself. The Title IX Coordinator will see that the administrative officer is provided with a copy of the investigation report and a copy of all the evidence transmitted to the parties.

The administrative officer will promptly send written notice to the parties notifying the parties of the administrative officer's appointment; setting a deadline for the parties to submit any written response to the investigation report; and setting a date and time for each party to meet with the administrative officer separately. The administrative officer's meetings with the parties will not be held any earlier than ten (10) business days from the date of transmittal of the written notice specified in this paragraph.

After reviewing the parties' written responses, if any, the administrative officer will meet separately with each party to provide the party with an opportunity make any oral argument or commentary the party wishes to make and for the administrative officer to ask questions concerning the party's written response, the investigative report, and/or the evidence collected during the investigation.

After meeting with each party, the administrative officer will objectively evaluate all relevant evidence. The administrative office will then prepare and transmit a written decision in the manner as specified above which shall serve as a resolution for purposes of informal resolution. Any discipline or other remedies encompassed in the written decision will be determined in the manner specified above.

Transmittal of the administrative officer's written determination concludes the administrative adjudication, subject to any right of appeal. Although the length of each administrative adjudication will vary depending on the totality of the circumstances, the School strives to issue the administrative officer's written determination within twenty-one (21) business days of the notice that administrative adjudication has been selected.

The appeal procedures for the hearing decision or the administrative adjudication decision are the same as is set forth above in connection with the Title IX Sex Discrimination Policy.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:

- Is consistent with the institution’s policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- Manhattan School of Music’s Title IX Coordinator is responsible for overseeing compliance with the law regarding prevention, education and training related to sexual misconduct. The Title IX Coordinator is assisted in this effort by the Deputy Title IX Coordinator, the Assistant Deputy Title IX Coordinator, and the Dean of Students.

Such training addresses topics such as the definition of sexual harassment; the scope of the School's education programs and activities; how to conduct investigations, hearings, and appeals and informal resolutions (as applicable); relevant evidence and how it should be used during a proceeding; proper techniques for questioning witnesses; basic procedural rules for conducting a proceeding; and avoiding actual and perceived conflicts of interest.

All Manhattan School of Music personnel tasked with conducting investigations, hearings, and appeals and informal resolutions receive 8 hours of training by the Student Conduct Institute. Additional training on specialized topics are sometimes accessed through Grand River Solutions and through Husch Blackwell LLP.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the Preponderance of the Evidence Standard .
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the School May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Under New York Law, depending on the severity of the offense, sexual abuse, aggravated sexual misconduct, or any of the three degrees of rape may be punishable by a prison sentence of up to 25 years and/or a fine of up to \$5,000.

Any internal investigations and disciplinary matters related to sexual assault will be handled by Administration under the provisions set forth in the Manhattan School of Music Title IX Grievance Policy.

Manhattan School of Music does not take lightly acts of criminal intent, threats, or acts of violence against anyone for any reason. This includes hate crimes, forcible and non-forcible sexual assault, or aggressive acts of any kind that might lead to death or either physical or mental harm to another individual. The School has policies against such behavior and will assist authorities to the fullest extent in implementing fair prosecution of criminal acts and threats.

Committing acts of sexual misconduct will have severe consequences at Manhattan School of Music, which may include loss of employment and/or expulsion from the School. Sexual assault is a criminal offense that may be prosecuted in a court of law and is punishable by prison sentence. Whether or not legal charges are filed, students found responsible for sexual misconduct are subject to disciplinary actions as described in the Manhattan School of Music Title IX Grievance Policy. These actions may include one or more of the following:

- Sanctions for Employees- A written warning placed in personnel file, reassignment of responsibilities, suspension of employment, termination of employment, educational sanctions such as counseling; courses in anger management; education on alcohol and, or drug use; written apology; substance abuse treatment.
- Sanctions for Students- Disciplinary warning or probation, reassignment of housing, removal from housing, adjustment of class schedule, reassignment or removal from on-campus employment, educational sanctions such as counseling; courses in anger management; education on alcohol and, or drug use; reflection paper or written apology; substance abuse treatment; community service, suspension, dismissal, restrictions on reapplication to Manhattan School of Music.

Complainants, who report allegations that could constitute covered sexual harassment under the Title IX policy, have the right to receive supportive measures from Manhattan School of Music regardless of whether they desire to file a complaint. As appropriate, supportive measures may include, but are not limited to: counseling, restricting contact between the Complainant and the Respondent, altering class schedules, altering on-campus work schedules, changes in work or housing locations, providing academic support, extensions of deadlines or other course-related adjustments, leaves of absence, and increased security and monitoring of certain areas of the campus. Supportive measures are non-disciplinary and non-punitive.

Publicly Available Recordkeeping:

The School will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about

victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the School to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the School that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the School will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the School of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Associate Vice President of Facilities and Campus Safety, Bryan Greaney at bgreaney@msmny.edu, (917) 493, 4448. State registry of sex offender information may be accessed at the following link: <https://www.criminaljustice.ny.gov/nsor/>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Emergency Management Team- EMT's Core Leadership (President, Executive Vice President and Provost, Senior Vice President and Chief Financial Officer, Associate Vice President of Facilities and Campus Safety) and Other Members of EMT (Vice President for Media and Communications, Dean of Students, Vice President for Administration and Human Relations, Assistant Vice President for IT/ Chief Information Officer, Assistant Dean for Youth Programs, Director of Residence Life, Director of Production, President's Chief of Staff, Dean of Academic Affairs, Executive Assistant to the Provost, Dean of Performance and Production Operations) constitutes a serious or continuing threat to members of the campus community, a campus-wide "timely warning" will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Associate Vice President of Facilities and Campus Safety, 917-493-4448
- Dean of Students, 917-493-4036
- Director of Residence Life, 917-493-4161
- Main Building Security, 917-493-4444
- Andersen Hall Security, 917-493-4700

The School has communicated with local law enforcement asking them to notify the School if it receives reports or information warranting a timely warning.

Emergency Response

The Manhattan School of Music Emergency Response Program establishes the policies, procedures, and organizational structure for response to incidents that cause a significant disruption to all or portions of the School. The School's formal Emergency Response Plan describes the roles and responsibilities of the Emergency Management Team as well as the roles and responsibilities of the School's departments, units, employees, and individuals during emergency situations. It also includes specific information about how the campus community can protect itself during emergencies and how the School, community, and law enforcement will work together to achieve this.

As emergencies are often sudden and without warning, the emergency information in the formal Emergency Response Plan, while providing directions and guidance, is designed to be flexible. The School and community need to be able to respond in any given situation. Nothing in this Program should be construed in a manner that limits the use of good judgment and common sense in matters not foreseen or covered by the elements of the Program.

The School's Emergency Response Program includes protocols to address specific types of emergencies. These protocols are meant to guide the School's stabilization of, and recovery from, an incident. The School's Implementation and Emergency Response Plan discusses how the School will analyze hazards, decide how to respond, decide when and how to notify the campus community, and communicate with personnel, students, law enforcement, and the public about potential emergencies. The Plan also identifies who serves on the Emergency Management Team and how decisions will be made and communicated within that Team.

This Program is consistent with established practices related to emergency response actions and incorporates aspects of the National Incident Management System (NIMS) to facilitate coordination among responding agencies. The School will cooperate fully with federal, state, and local emergency management agencies and other responders in the development, implementation, and execution of its emergency response plans.

<https://www.msmnyc.edu/about/offices-staff/facilities/emergency-response-plan/frequently-asked-questions/>

- **General Emergency Situation:** When sudden incidents or emergencies arise requiring immediate evacuation, lockdown, lockout, or sheltering-in-place, the School will give notification campus-wide using multiple means of communication, following its Emergency Communications Strategy. This will include electronic notifications, P.A. systems, sirens, website postings, social media, notice from Campus Safety and Resident Assistants, and any other communication method that is available and most effective under the circumstances. Information may also be provided by news outlets or law enforcement.
- **Fire:** When fire or suspected fire threatens a building or area of campus, the School will give notice through use of fire alarms, use of the Public Address system in the affected building, and use of electronic notifications or website communications to inform the campus community of evacuation instructions and status of the incident. News outlets or law enforcement may also provide notice and information.

- **Severe Weather:** When an emergency weather condition requires immediate evacuation, shelter-in-place, or other emergency action, the School will use its Public Address system, website, social media, and electronic communications, as appropriate, to send notifications and instructions to the campus community. MSM will also notify building occupants of the need to seek appropriate shelter. In addition, city emergency sirens may be activated in a sudden weather emergency such as a tornado.

- **Localized Emergency Situation:** When sudden incidents or emergencies arise that are localized to a particular area of campus or building, the School will give notification to affected community members through electronic communication, P.A. system notifications, use of Campus Safety or Building Coordinators to provide notice and directions, and the School website.

- Preparedness:

It is important to be aware of the nearest exits and building emergency evacuation routes prior to an emergency. Employees and students should take note of primary and secondary building evacuation routes before an event occurs, so that you will be equipped to act fast and ensure your safety.

Students, staff and visitors are encouraged to notify the Campus Safety at Campus Safety of any emergency or potentially dangerous situation.

The School intends to respond to any emergency situation in a safe, effective, and timely manner. Our mission and priorities in the event of an emergency are, in this order, to:

1. protect human life;
2. preserve health, safety, and basic care of human lives;
3. protect School assets;
4. maintain School services;
5. assess damages; and
6. restore general campus operations

When the School receives a report of an incident, the school personnel who first become aware of the situation will alert the leadership of the Emergency Management Team. The Emergency Management Team will be called to an emergency meeting to analyze the report or hazard, determine whether it appears to trigger any of the above threat levels, and proceed accordingly. The formal Emergency Response Plan will work in tandem with the School's internal Continuity of Operations Plan and its separate building emergency plans to achieve the priorities and respond to the threat levels above. And, as noted, we will always cooperate fully with federal, state, and local authorities and public health officials in any matter potentially implicating those interests or whenever cooperation with authorities will help protect the safety of our campus community.

There is a chain of command within the EMT. The EMT's Core Leadership is ultimately responsible for making decisions about when and how to react to a given emergency. The

main point of contact for the Emergency Plan is, however, the Associate Vice President of Facilities and Campus Safety, who is in charge of setting and administering preventative and response policies, as well as managing the MSM community in the event of an emergency. The Associate Vice President of Facilities and Campus Safety is also in charge of placing and training Fire Wardens throughout both the Main Building and Andersen Hall, and can provide supplemental information about Fire Wardens upon request.

The other members of the EMT (i.e., those not on the Core Leadership) serve in an advisory role in crafting, reviewing, and implementing the Emergency Plan. They are also involved in key aspects of emergency response, such as the MSM Communications Strategy.

If the EMT concludes that the timely warning notification should be made regarding a danger to the community, the School without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The Manhattan School of Music community is kept up to date about safety and security concerns as well as relevant crimes occurring in the area or on campus by a variety of communications. “Community Alerts” are issued by the local precinct and the Facilities Office alerts the MSM community about safety issues or crimes in the area, when incidents are in the vicinity of our campus. These alerts are primarily circulated via email but are also sometimes posted at the security desks and in some instances in other designated visible areas as appropriate. In addition, meetings and programs are held for students by the Facilities Office and Division of Student Affairs staff to convey information about crime prevention and awareness and to update students about safety issues occurring in the area. As appropriate, students are also notified about crime prevention, safety concerns, crime alerts, or other concerns via memo and/or email from the Dean of Students or other administrators. Students are prompted and encouraged to sign up for the School’s emergency text service during Orientation. In extreme situations, the building’s intercom system and the School’s text alert system are used to relay timely warnings.

The School notifies its community of an emergency using a combination of notification systems, including fire alarms, P.A. announcements, personal notifications, website postings, and electronic notifications. However, due to the fast-moving nature of the event, it may not be possible to notify building occupants in a timely manner. Therefore, evacuation may be prompted by signaling of fire alarms or notification from building coordinators, law enforcement, or other building occupants that are aware of the immediate danger.

If you feel your safety is jeopardized and evacuating is an appropriate strategy given your circumstances, you do not have to wait for an official notification to evacuate.

The Associate Vice President of Facilities and Campus Safety; Dean of Students will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

When the School receives a report of an incident, the Emergency Management Team will analyze the report or hazard, determine whether it appears to trigger any of the above threat levels, and proceed accordingly. The formal Emergency Response Plan will work in tandem

with the School's internal Continuity of Operations Plan and its separate building emergency plans to achieve the priorities and respond to the threat levels. And, as noted, we will always cooperate fully with federal, state, and local authorities and public health officials in any matter potentially implicating those interests or whenever cooperation with authorities will help protect the safety of our campus community. If deemed necessary, the School's Emergency Management Team will notify local law enforcement of the emergency if they are not already aware of it, and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Testing & Documentation

In order to prepare for emergencies, and to prevent them from occurring, the MSM community – particularly the EMT – take the following steps.

- MSM has a quarterly comprehensive review of the Emergency Plan and its related strategies.
- MSM conducts fire drills three times per year and Fire Warden trainings with the cooperation of Croker Fire Drill Corporation.
- MSM conducts annual “tabletop” exercises to orient the MSM EMT to emergency response protocols.
- Members of MSM's EMT (particularly the Director of Facilities and Campus Services or his delegates) regularly attend training seminars and other professional development opportunities to improve the quality of this Plan.

- Members of the House staff, Production staff, and Residence Life staff participate in supplemental annual training for best practices in emergency response.
- MSM has had its Plan reviewed by external legal and emergency consultants to ensure its effectiveness and completion.

The Associate Vice President of Facilities and Campus Safety maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the School will distribute to its students and employees information to remind them of the School's emergency response and evacuation procedures.

Missing Student Policy

Manhattan School of Music works closely with the New York City 26th Precinct to investigate alleged violent felony offenses occurring at the school. There will be a coordinated effort to investigate alleged crimes and share information as appropriate. There will be a prompt investigation of all reports of violent felony offenses, including missing students.

When students are reported missing, a prompt investigation of missing students will ensue.

The security staff will work with the Office of Student Engagement or precollege staff, as appropriate, to conduct an internal investigation about the student and his/her whereabouts. Often, friends and teachers of students provide helpful information that locates students. If a student is still missing after following internal leads and procedures, or if a situation does not appear appropriate, the local law enforcement agency will be contacted in a timely fashion for assistance.

- All reports of missing or suspected missing resident students who live in on-campus housing, are to be made to a member of the Dean of Students, Student Engagement staff, or Residence Life staff. Any School employee receiving a missing student report should immediately notify Facilities and Campus Safety or the Dean of Students so that an investigation can be initiated.
- The Student Affairs staff member will immediately notify the Associate Vice President of Facilities and Campus Safety (917-493-4448), or his/her designee, of the report. Together, the representatives from Student Affairs and Campus Safety shall investigate by, among other things: (i) making inquiries of roommates, residents living on the same floor and any other known associates of the suspected missing resident; (ii) accessing and reviewing the student's academic schedule and ascertaining whether the student is attending classes; and (iii) attempting to ascertain whether the student has used his/her meal card or other School services.
- If these efforts meet with negative results, the School will promptly (but no later than 24 hours after the initial report) contact the missing student's designated missing person contact. In addition, if the missing student is under 18 years of age and not emancipated, the student's custodial parent or guardian shall also be contacted at this time. The designated emergency contact and/or parent/guardian will be apprised of the situation and asked whether they have any knowledge of the missing student's whereabouts.

Annual Fire Safety Report

Housing Facilities and Fire Safety Systems

The School maintains on-campus housing for its students. Below is a description of fire safety systems and the number of fire drills conducted during the previous calendar year.

Campus: Manhattan School of Music, 130 Claremont Ave, New York, NY 10027

Facility	Fire Alarm Monitoring Done on Site	Partial Sprinkler System	Full Sprinkler System	Smoke Detection	Fire Extinguisher Devices	Evacuation Plans & Placards	Number of evacuation (fire) drills in previous calendar year
Andersen Hall, 136 Claremont Ave	X		X	X	X	X	4

Policies on Portable Appliances, Smoking and Open Flames

- Every room is equipped with a smoke detector. A low battery signal or a missing smoke detector should be reported to the residence life office immediately. Do not tamper with or remove smoke detectors.
- Smoking is not permitted in the residence hall.
- Never overload electrical outlets. Replace electrical cords that are cracked or frayed. Never run extension cords under rugs. Use only power strips with circuit breakers.
- Any device that generates heat may not be used while unattended.
- Keep halls, doorways and emergency exits free of obstruction. Report rubbish accumulations or obstructions in the halls, stairwells, emergency exits, or other means of egress to the residence life office or building superintendent.
- Care should be taken in the use and placement of plants and flowers. If possible, keep them planted or in water. Keep them away from any flame. Do not keep flowers for an extended period of time as they dry out and become easily combustible.
- Only UL-approved lighting and UL-approved holiday lighting may be used.
- Real holiday trees, wreaths, or decorative greens are prohibited in the residence hall.
- Familiarize yourself with all stairwells for egress.

The School reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the School expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave. If circumstances permit at the time of the alarm, additional instructions will be given regarding where students and/or staff are to relocate.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each semester. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the School's fire safety policies. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a "buddy" assigned to assist him or her.

President's Council, Emergency Management Team members, fire wardens, security, performance ushers, production personnel and other personnel given leadership roles will be trained accordingly to suit their respective roles. Types of training include CPR; fire drills; emergency systems' use and maintenance; and emergency response, evacuation and recovery procedures for the different types of possible events.

Reporting Fires

The School is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Associate Vice President of Facilities and Campus Safety at bgreaney@msmny.edu, (917) 493, 4448. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The Fire Safety Plan was developed to respond to a fire attempting optimal preparedness, response, and recovery; and to facilitate coordination between the School and local emergency management officials. This comprehensive, well-conceived plan, which contributes to the physical and emotional security of students, staff, and visitors, is a living document that is subject to changes, updates, and revisions as the School environment evolves.
